EXECUTIVE SUMMARY

September 11, 2023

To the School Board:

We are proud to publish the FY 2024 Final Budget to the Board of Education and to the community. We welcome the opportunity to present and discuss operational plans and related financial impact with our Board and community. Transparency in communicating our budget to our taxpayers in our community consistently leads to operational and educational improvements. This budget is balanced, with operating revenues matching or exceeding operating expenditures, for the seventeenth consecutive year.

In all budget development there are challenges, and this year is no exception. This year we are still dealing with the economic as well as mental health and loss of learning effects of the pandemic, worldwide distribution problems that have driven up costs, labor shortages in all sectors of our economy, war in Ukraine, rapid inflation, and the risk of a recession. All of that has an impact on our budget projections.

Clarity and comprehensiveness in communicating our budget to our taxpayers in our community consistently leads to operational and educational improvements. This budget is balanced to assure that projected expenditures do not exceed projected revenues. Our approach is always to be conservative in projecting revenue to avoid shortfalls during the fiscal year. We also recognize that the key to staying within budget and ending the fiscal year balanced depends on careful budget administration throughout the year.

Good budgeting and stringent budget administration are the keys to us staying within budget year after year. Staying within budget requires a team effort and careful oversight, hallmarks of our financial strength at District 202. And for our efforts we have received annual budget awards and prestigious financial management recognitions year after year, including earning and maintaining a coveted Aaa rating consistently since we first earned it in 2008.

The total FY 2024 budget is \$105.2 million which is 5.2% more than the FY 2023 budget. The operating budget is \$95 million which is 6.7% more than the FY 2023 operating budget. This budget is the result of conservative budgeting and deliberate containment of personnel costs, most of which are determined by contractual obligations. This year's budget includes a \$900,000 planned transfer to the Capital Improvements Fund for infrastructure improvements. Properly maintaining this school facility infrastructure is vital to remaining financially and educationally strong. We will monitor changing financial conditions and these funds can be retained in the Education Fund if needed.

The 2023-24 year will be the seventh year in which the Illinois State Board of Education has funded schools using the Evidence Based Funding (EBF) program finalized in 2018. Under this current funding model, the district does not expect to see any increases in state revenues. Based on the recently passed State of Illinois budget, no decreases are expected either. It is expected that state funding will remain flat in future years and may decrease if district enrollment declines.

Many discussions have been held regarding how funding levels will be affected if the State of Illinois fails to make its minimum required EBF funding contribution. The district faces potential loss of revenues if this occurs. In addition, while a property tax freeze has not materialized, discussions continue as the state looks to assist taxpayers seeking assistance due to the aftereffects of the pandemic. A property tax freeze remains a potential threat to the district.

Another lingering financial threat from the State is the pension reform measure. If it would someday pass, the State Legislature could assess school districts the normal portion cost of the TRS pension which could amount to over \$2 million a year in new expenses to the District shifted from the State of Illinois.

Using our student-focused, values-based budgeting, we will continue to focus our budget decisions to meet the changing needs of our students, strengthen the financial solvency of the district, and continue providing an excellent education for our students during difficult financial times. Students and their learning always remain paramount. Equity is paramount in achieving academic success and student well-being.

We are still under the grip of tax caps that do not keep up with the increased costs of supplies, energy, services, health benefits and employee compensation. This year's budget is subject to the restrictions of the 2021 CPI of 5.0% and a 2022 CPI of 5.0%. Average CPI for the past ten years is 1.95%. However, 2021 saw a sharp increase and inflation continues at higher than usual levels. While rising inflation has presented a significant challenge to the budgeting process, we have relied on careful budget administration to maintain our financial position.

In response to the goals adopted by the school board, I am recommending the following strategies reflected in this budget:

- Funding additional academic and wellbeing supports for students, supports that are necessary because of the loss of learning and social-emotional needs of our students resulting from the pandemic.
- Funding the expanded literacy lab reading supports.
- Funding for new programming for school refusal and students with attendance concerns.
- Funding the staffing increases we have made in recent years for social workers, nursing, and counseling services to address the social-emotional learning needs of our students.
- Continuing to fund an athletic trainer instead of outsourcing those services to enhance student wellbeing with a staff member who is assimilated into the culture of ETHS.
- Continuing to fund the two Section 504 case managers added to support our students needing additional accommodations.
- Continuing to fund our equity work and addressing racial disparities in achievement by involving the staff, students, and the greater Evanston community in expanding initiatives to increase and improve equitable learning opportunities to benefit all students.
- Funding for our new Multilingual Services Department.

- Funding for new family engagement coordination with a new position dedicated to building engagement and trust with families that are traditionally marginalized.
- Funding for a new position (Equity Analyst) for equity work, which expands the Equity Department.
- Supporting our equity training and commitment to antiracist training.
- Continuing to enhance learning experiences by raising academic expectations for all students with earned honors courses in all departments.
- Identify and implement asset-based strategies to address achievement and success for students of color.
- Continuing to build our Career Pathways Model, understanding that pathways may include college, post-secondary training, advanced certifications, or on-the-job training as examples.
- Funding for new Health Sciences classes and programming.
- Continue our one-to-one technology program by equipping all incoming freshmen with a new Chromebook computer as well as a hotspot when needed for home connectivity.
- Continue our STEAM partnership with Northwestern University, providing cutting-edge learning opportunities for our students and staff.
- Continue our abundant partnerships with Northwestern University in the areas of research, cooperative programs, and college scholarship opportunities. Grow our NEERA partnership (Northwestern Evanston Education Research Alliance) with NU and D65.
- Continue our Geometry in Construction classes and return to building a house annually, partnering with the community, Evanston businesses, the City of Evanston and Community Partners for Affordable Housing who are providing assistance with this educational and affordable housing program.
- Continue our Algebra in Entrepreneurship and partnering with our business community to expand this forward-looking learning format.
- Continue our support of the Mayor's Employers' Advisory Committee (MEAC) that is providing career exploration, shadowing opportunities, internships, and job placement for our students. Funding the MEAC staff position that is housed at ETHS and dedicated to workforce opportunities of our students.
- Continue strengthening our Multi-Tiered System of Supports (MTSS) for our students, providing personalized support to raise achievement for all students, including professional development and training for staff, Academic Interventionists, Wildkit Academy, Academic Study Centers, Freshman and Sophomore Study Halls with Support, Hub Student Center, College and Career Counseling, Y.O.U. and Oakton Community College on-site partnerships, team ASAP, freshman and new student transition programs and more.
- Increase interventions to address student well-being such as homebound support during hospitalizations, support for transitions, ETHS Transition House, ETHS Day School, grief support, Restorative Justice, alternatives to suspension, conflict resolution, developing soft skills that build confidence and success in life, nutrition and more.
- Funding for restorative practice programming/work with a new position dedicated to building capacity for more restorative practices with students and staff.

- Expand our Acknowledge, Care, Tell (ACT) initiative to enhance student and staff well-being.
- Enhance the relationship with Oakton Community College to increase student and parent understanding of the valuable resources and advantages available to them at OCC.
- Funding for dual-credit with OCC for students who are enrolled in dual-credit classes at ETHS, which will be paid by the district.

In addition to all these important commitments in this budget, the district will continue to invest in textbooks and instructional materials, technology, preventive maintenance, libraries, AVID, AP classes, Dual Credit classes, chem/phys, the fine and performing arts, career education, (now Arts and Innovation) counseling, social work, health services, our planetarium, facility upgrades, our outstanding co-curricular, extracurricular and athletic programs, and so much more that defines the ETHS investment in education.

Evanston Township High School is one of the best, most competitive high schools in the nation, ranked in the top 3% of all high schools. This budget reflects the high value we place on equitably educating all students, on having high expectations and successful academic achievement for all students, and on achieving the goals of the district. I am pleased to recommend this values-based budget for your consideration.

We recognize that our Board is fully committed to maintaining the strongest financial and educational position at ETHS District 202.

Sincerely,

Marcus A. Campbell, Ed.D. Superintendent

EVANSTON TOWNSHIP HIGH SCHOOL FY 2023-24 FINAL BUDGET EXECUTIVE SUMMARY

FINANCIAL OUTLOOK FOR FY 2024

The financial outlook for FY 2024 is that the District will continue to budget within its limited resources, and must also address longer term recovery issues associated with the COVID-19 pandemic, including recent inflation. The full economic impact is still unknown, but the CPI (as it relates to the property tax levy) for FY 2022 was 5.0% and for FY 2023 will be 5.0%. A property tax freeze is still a very real threat to District revenues, particularly as lawmakers look to give constituents some relief as recovery from the pandemic and inflation.

The total operating expense budget proposed for District 202 is \$95,036,000. This includes all operating funds and represents a 6.7% increase from FY 2023. Typically, the budget is 2-3% more than the previous year.

EDUCATION FUND: The Education Fund is the general operating fund of the District. It accounts for all financial resources except those required to be accounted for in another fund. This fund is primarily used for most of the instructional and administrative aspects of the District's operations. Budgeted revenues for FY 2024 are \$84,746,000 and expenditures are \$84,746,000. This represents an expenditure increase of 6.9% over the FY 2023 Education Fund final budget and will result in a balanced budget for FY 2024.

OPERATIONS AND MAINTENANCE FUND: The Operations and Maintenance Fund provides funding for the operation and maintenance of the District's buildings and grounds. Budgeted revenues and expenditures for FY 2024 are \$8,595,000. This represents an expenditure increase of 4.6% from FY 2023.

TRANSPORTATION FUND: The Transportation Fund is a Special Revenue fund that accounts for expenditures made for student transportation. Budgeted revenues and expenditures for FY 2024 are \$1,335,000. This budget is 6.8% higher than FY 2023.

IMRF/SOCIAL SECURITY FUND: The IMRF Social Security Fund is a Special Revenue fund that accounts for expenditures made for employee retirement expenses. Budgeted revenues and expenditures for FY 2023 are \$3,595,000. This budget is 5.7% higher than FY 2023.

BOND AND INTEREST FUND: The Bond and Interest Fund accounts for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs. Budgeted revenues and expenditures for FY 2024 are \$3,569,000 and is a 1.4% decrease from FY 2023.

EVANSTON TOWNSHIP HIGH SCHOOL FY 2023-24 FINAL BUDGET EXECUTIVE SUMMARY

FINANCIAL OUTLOOK FOR FY 2024 (CONTINUED)

WORKING CASH FUND: The Working Cash Fund is a Special Revenue fund that accounts for financial resources held by the District to be used as temporary inter-fund loans for working capital requirements to the Education Fund, the Operations and Maintenance Fund, and the Transportation Fund. Budgeted revenues for FY 2024 are \$0.

CAPITAL IMPROVEMENTS FUND: The Capital Improvements Fund accounts for the capital expenditures financed through various debt issuances. Details begin on page 138 of this report.

TORT FUND: The Tort Fund will have revenues of and expenditures of \$360,000. This is a fund required by state law and amounts are flat from FY 2023.

FINANCIAL STRATEGIES FOR FY 2024:

Several financial strategies will be employed for FY 2024:

Constant Monitoring of State of Illinois issues: The District will continue to monitor the State's issues so reductions can take place as soon as any funding source changes. In the best-case scenario, Evidence Based Funding (EBF) will remain flat. In the worst-case scenario, the state could implement a takeback of previously allocated EBF dollars. Some legislators have also been supportive of a property tax freeze. Both items could seriously affect District funds.

Contractual and Consulting Services Reductions: The District continues to try control these costs despite the challenges presented by inflation.

Energy and Water Conservation: The District is determined to continue to improve the sustainability of its facilities. A key management issue will be to conserve both the use of water and energy. Continuing the four-day summer school and purchasing natural gas futures on the open market will continue to curb increases in the District's energy budget. The District is also replacing most of its exterior lighting with LED energy efficient lighting and securing State grants for much of the retrofit.

Capital Improvements: New capital improvement purchases will upgrade facilities and reduce energy costs.

Wellness Initiative: The wellness initiative will continue to assist the District in starting to control its long-term health insurance costs.

ETHS DISTRICT 202

FY 2023 TENTATIVE

EVANSTON TOWNSHIP HIGH SCHOOL

District Goals 2023-2028

Goal 1: Equitable and Excellent Education

As an anti-racist institution, ETHS will increase each student's academic outcomes to realize post-high school success. We recognize that structural racism is the most devastating factor impeding the achievement of students. ETHS will eliminate the predictability of academic outcomes based upon race, and its intersection with gender, income, LGBTQIA+, disabilities, and emergent multilingual status.

Goal 2: Student Wellbeing

ETHS will provide an environment centered on our students' wellbeing.

Goal 3: Fiscal Accountability

ETHS prioritizes equity, integrity, and transparency in its financial stewardship by employing values-based budgeting.

Goal 4: Community Engagement and Partnerships

ETHS will strengthen family and community partnerships through communication and engagement.

Approved by the Board of Education on September 11, 2023

FINANCIAL SECTION

EVANSTON TOWNSHIP HIGH SCHOOL FY 2023-24 FINAL BUDGET FINANCIAL SECTION

REVENUE SUMMARY

The operating revenue budget proposed for District 202 is \$95 million. This includes all operating funds – Education, Operations and Maintenance, Transportation and Working Cash Funds. This represents a 6.7% increase from FY 2023.

For the operating funds, property taxes continue to be the largest source of revenue consisting of 82% of all operating revenues (see chart). The next largest revenue category at 5% is Corporate Property Replacement Tax.

PROPERTY TAXES: Evanston property owners pay property tax to multiple entities including District 202. The District's portion of the total property tax bill is slightly more than 25%. This percentage of the total Evanston tax bill has remained constant but slightly reduced for the last five years.

Property taxes represent 82% of the total operating funds of the District. The operating funds consist of the Education, Operations and Maintenance, Transportation and Working Cash funds. In addition, property taxes are collected to pay for the Bond and Interest Fund which pays for the annual debt service on outstanding bonds and the IMRF fund which pays for retirement benefits for non-certified staff.

District 202 is a non-home rule form of government in Illinois and, as such, is subject to property tax caps. Those caps restrict the growth of the amount of property taxes collected to 5% or the Illinois Consumer Price Index – whichever is lower. The Consumer Price Increase (CPI) that is used under the tax cap formula is 5.0% for the 2022 levy and 5.0% for the 2023 levy. A property tax freeze is a continued threat.

Total property taxes to be received this year are estimated to be about \$84.4 million. Property taxes for the operating funds are \$77.9 million for FY 2024.

EVANSTON TOWNSHIP HIGH SCHOOL FY 2023-24 FINAL BUDGET FINANCIAL SECTION

REVENUE SUMMARY - CONTINUED

CORPORATE PERSONAL PROPERTY REPLACEMENT TAX (CPPRT): The corporate personal property replacement (CPPRT) tax is part of the state income taxes that are collected and generally reflects the state of the Illinois economy. This tax is allocated to the Education, Operations and Maintenance, IMRF and Transportation Funds. For FY 24, estimated revenue is \$4.6 million. This is a significant decrease from FY23 and is based on actual revenue and expected decreases.

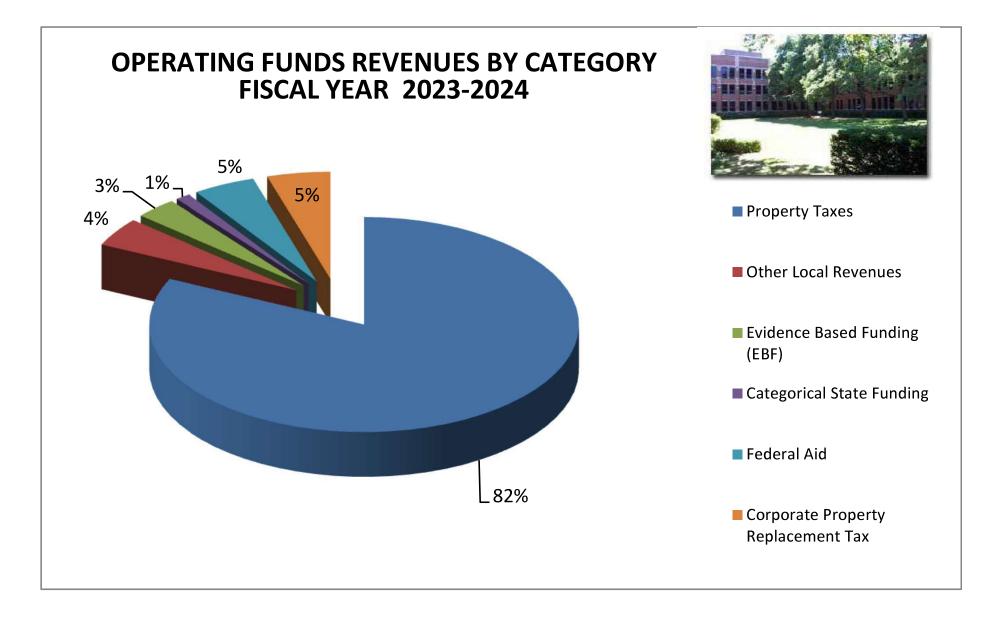

OTHER LOCAL REVENUES: Other Local Revenue is generated from tuition, interest on investments, food service income, student fees, and other local revenues. The amount budgeted for other local revenues is \$4,109,000 and is up 28.91% from FY 2023.

EVIDENCE BASED FUNDING/GENERAL STATE AID: General State Aid was changed to the new Evidence Based Funding (EBF) model five years ago. This revenue stream includes what was formerly paid as General State Aid, TBE/TPI (Bilingual) grant, Special Ed Personnel and Special Ed Extraordinary grants. Overall, this revenue source is expected to remain flat for FY24 (\$3 million) and possibly decrease in future years.

STATE CATEGORICAL AID: State Categorical Aid consists of monies received from the state that are aimed at specific needs and programs. These include such things as Special Ed Room and Board, Transportation, and some Bilingual Programs. Revenues for FY24 are estimated to decrease 4.9% from FY 2023.

FEDERAL AID: Federal Aid represents the amount received from the federal government such as Title I/II funds as well as food subsidy funds. The District also receives IDEA money and DHS (Department of Human Services) funding. Total funding for FY24 is expected to increase by about 17%.

Details can be found on page 17.

ETHS DISTRICT 202 OPERATING FUNDS FY 2024 REVENUE CATEGORIES

EVANSTON TOWNSHIP HIGH SCHOOL FY 2023-24 FINAL BUDGET FINANCIAL SECTION

EXPENDITURE SUMMARY

The operating expenditure budget proposed for District 202 is \$95 million. This includes all the operating funds – Education, Operations and Maintenance, Transportation and Working Cash funds. This represents a 6.7% increase over FY 2023.

For the operating funds, salaries and benefits continue to dominate the costs. Salaries represent 68% (see chart) of the budget and fringe benefits are at 9%. This means 77% of the budget is personnel cost related. The next highest categories are purchased services at 8%, tuition at 7%, and supplies and materials at 4% of costs.

Salaries: Salaries are mainly determined by the labor contracts that are in at the District. The total salaries are estimated to be \$64.6 million. This represents an overall increase of 5.5% from FY 2023.

Fringe Benefits: The benefits provided to our employees include health insurance, life insurance, optional dental insurance, and Social Security, Medicare, and pension expenses. Health insurance alone, the District's largest benefit expense, is expected to increase moderately for FY 2024. This increase is only calculated for half of the fiscal year because health insurance contracts are based on the calendar year not our fiscal year. This District also continues to subsidize retiree health insurance by allowing IMRF retirees into the District's plan and pays a payment to retirees for a portion of their premium. Total fringe benefit expenses are estimated to be \$8.6 million which is 18% more than the FY 2023 budget.

Purchased Services: Purchased services expenditures for FY 2024 are estimated to be \$7.87 million, a 7.7% increase from FY 2023.

Supplies and Materials: Supplies and materials are estimated to increase by 1.7% for the FY 2024 budget for a total of \$4 million. The District is trying to keep costs down in this expense category despite the challenge of rising inflation.

EVANSTON TOWNSHIP HIGH SCHOOL FY 2023-24 FINAL BUDGET FINANCIAL SECTION

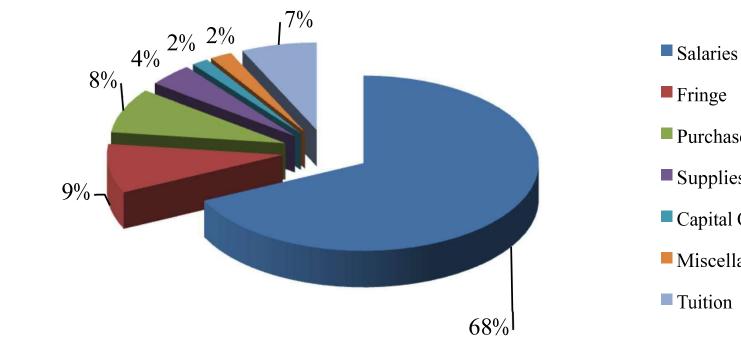

EXPENDITURE SUMMARY - CONTINUED

Capital Outlay: Capital outlay expenditures for FY 2024 (in the Ed and O&M Fund) amount to \$1.5 million which is a 7% decrease from FY 2023. This is mainly due to the FY 2023 budget containing federal aid for capital projects in the Operations Fund.

Other Objects: Other objects expenditures for FY 2024 are \$1.9 million which is 11.94% higher than FY 2023.

Tuition: Tuition is expected to increase by 10% in FY 2024. These costs are not always predictable, and have risen since historical lows during the pandemic. The opening of the ETHS Day School has helped lower tuition expense in recent years overall.

EDUCATION FUND

The Education Fund is the general operating fund of the District. It accounts for all financial resources except those required to be accounted for in another fund. This fund is primarily used for most of the instructional and administrative aspects of the District's operations. Budgeted revenues for FY 2024 are \$84.7 million and expenditures are \$84.7 million. This represents an expenditure increase of 6.9% over the FY 2023 Education Fund budget. This increase in budget is primarily due to wage increases.

What follows is a detail of the revenues, expenditures, and a description of the activities of the major departments. The expenditures are organized by functions which are:

	1000
□ Support Services	2000
□ Community Services	3000
□ Non-programmed Charges	4000

INSTRUCTION

1000 – Function

The teaching of pupils or the interaction between teachers and pupils.

ETHS DISTRICT 202

ENGLISH

1011300101

Description of Major Activities:

The English department is responsible for the teaching of both English and reading. The Freshman Earned Honors Humanities will continue to be a high priority for the Department.

The categories of classes offered are as follows:

English: 9th, 10th, 11th, and 12th grades English-Humanities offered 9th and 10th Reading classes in 9th grade Journalism and Media Production Senior Studies American Studies

Students will read to comprehend a variety of texts using appropriate strategies. Students will read, understand, interpret, and appreciate a variety of contemporary and classic works of literature and non-print texts that represent diverse cultures, eras, and perspectives.

Students will write to communicate for a variety of purposes and audiences. Students will use the language arts for inquiry and research to acquire, organize, analyze, evaluate, and communicate information.

WORLD LANGUAGES

1011300103

Description of Major Activities:

The World Languages department is responsible for providing instruction in eight (8) world languages to over 2000 students every year. The department goals are to promote and develop language acquisition and effective communication skills in the languages offered: American Sign Language (1-3 Honors), Chinese (1-2 Honors), French (1-5 Advanced Placement), German (1-4 AP), Japanese (1-4 Honors), Latin (1-4 AP), Spanish (1-5 AP) and Spanish for Heritage Learners (1-4AP). Facilities include a 60-station state-of-the-art language laboratory (2006) in which students practice listening and speaking skills in the world language(s) they are studying. Among the cultural and enrichment activities students can participate in are foreign exchange programs with students of their target language and country, other educational travel, plus field trips and guest speakers locally. Our students also compete in regional and national language examinations and contests, as well as the Advanced Placement examinations in six (6) languages.

Budget Goals:

Improve student achievement and support teachers in their professional growth.

MATHEMATICS

1011300104

Description of Major Activities:

The Mathematics Department offers a comprehensive college preparatory high school mathematics program to meet the academic needs of all students. Course offerings range from Pre-Algebra through Pre-Calculus and beyond, as well as computer science courses. We offer many Advanced Placement courses: AB Calculus, BC Calculus, Multivariable Calculus/Linear Algebra, Statistics, and Computer Science. The mathematics faculty is committed to providing a high quality rigorous mathematics education to all of its students.

The Math Team is a co-curricular activity, which promotes the study of mathematics and involves students in mathematics competitions.

SCIENCE

1011300105

Description of Major Activities:

The Science department is large, 32 faculty, and is responsible for instruction in three different disciplines, Biology, Chemistry and Physics as well as a variety of other science electives. It is a core academic area and the high school requires that every student pass one biology course and one other science course, which is usually chemistry but may include other options like physics, geosciences or astronomy. There are currently 4 levels of science classes (1, 2, honors and AP) as well as a "fast track" Chemistry/Physics program for accelerated science students. All science courses are 1-year courses with a lab component but the period requirement varies. There are 5 period a week classes, 7 period a week classes and 10 period a week classes. In addition, the science department promotes student research and science activities in a variety of ways.

This year Earned Honors Biology, mainly aimed at freshmen, will be a high priority for the department. Another new program will be the new STEM partnership with Northwestern University.

A team of faculty members guide student research during the school year so that some individuals have research experiences and are able to compete nationally in high school science competitions like Siemens. (We have published research from the high school in the Journal of Pediatrics). Many teachers work independently with entire classes of students to enter essay contests like Dupont. Other teachers work with extracurricular science clubs and competitions like JETS, Science Olympiad, Bridge Building, etc. The science department created and supports The Nature Center, a large ecological study area next to the football field. We also support the Planetarium in the East-South courtyard. Supporting research, two major study areas (Planetarium and Nature Center) and daily laboratory activities in every science class requires large supply budgets for this department to operate effectively.

HISTORY/SOCIAL SCIENCE

1011300106

Description of Major Activities:

The History/Social Science department offers both graduation requirements and a variety of electives for students. All freshmen take Humanities, which is team taught with an English teacher. All sophomores take a full year of Civics, a state of Illinois graduation requirement. The Civics course employs a variety of resources and experiences to meet Illinois state guidelines, including current periodicals, simulation curriculums, and field trips. All Juniors take a course focused on United States History, where they are challenged to explore and do history. The department fosters a wide variety of partnerships with local organizations, such as archives, museums, libraries, and some non-traditional entities that can help students explore U.S. History topics related to their interests. These partnerships allow students to visit and engage with these organizations. The department offers a variety of electives for students who wish to deepen their understanding of History and the Social Sciences. These include Advanced Placement European History and Psychology, Philosophy, Economics, Sociology of Race, Class, and Gender, Human Behavior, American Legal Systems, African American Studies, Senior Studies, The Chicano Movement, and History of African Americans. The Chicano Movement and History of African Americans are dual credit courses offered in partnership with Northeastern Illinois University. When necessary, the department attempts to help those students who are eligible for free and reduced lunch earn college credit through this program by soliciting funds to pay the tuition.

ARTS + INNOVATION

1011300114, 1014000116

The Arts + Innovation Department is divided into several domains; Business Education, Family/Consumer Sciences, Health Sciences, Industrial Technology, Music, Theatre, and Visual Arts

Description of Major Activities:

Each of the courses in the Arts + Innovation Department provides students with relevant and meaningful learning experiences. Coursework can include hands-on experiences, unique collaborations, real-world applications, and learning goals that prepare students for their future lives. Introductory courses are provided in all areas to provide students with a foundation of knowledge and skills that can be applied to the advanced courses. The Arts + Innovation department offers several Advanced Placement (AP) and Project Lead the Way (PLTW) capstone courses.

The Arts+Innovation department also offers interdisciplinary coursework like Algebra and entrepreneurship and Geometry and Construction.

Students also have the opportunity to learn in one of our many lab environments like the Auto Shop, Culinary Kitchen, Welding Lab, Ceramics Studio, Graphics Studio, Photography darkroom, Scene shop, theatres, and Music Technology room.

The Performing Arts provide opportunities for students in band, choir, orchestra, and theatre to perform in a variety of groups.

ETHS DISTRICT 202 INSTRUCTIONAL TECHNOLOGY

1011300115

Description of Major Activities:

The Instructional Technology department, which operates as part of the Instructional and Informational Technology (IIT) department, is responsible for supporting instructional and non-instructional technology initiatives that foster communication, collaboration, creativity, and critical thinking. Our initiatives include training and support of instructional hardware, software, and other equipment. This includes the 1:1 Digital Learning Initiative which provides access to a laptop for all students beginning with the class of 2018. In addition, the department administers professional development for faculty and staff in the use of technology to improve student learning.

THEATER SERVICES

1011300195

Description of Major Activities:

The Theater Services program is responsible for

Theater Facilities Manager:

Provides facility management for the Auditorium, Upstairs Theatre, and Little Theater.

Lighting Sound recordings Sound management (mics, mixer board) Stage preparation Curtain use Some maintenance tasks

The Theater Facilities Manager must attend all events in the schools' theaters. It is his job to oversee all technical details involving performance and assembly. (This does not include archiving performances, or large maintenance tasks)

The theater manager also oversees maintenance of theater specific equipment; i.e. curtains, counterweights, prop management, seating, amplifiers, etc.

Ticketing and Box Office

The Ticketing and Box office attendant sells tickets to public events. They operate a computer system for ticketing and a credit card purchasing system. This person must attend all ticketed events to distribute and sell tickets.

ACADEMIC SUPPORT PROGRAM

1011300198

Description of Major Activities:

Evanston Township High School's System of Supports (SOS) was created to allow every student to meet high expectations, with the goal of increasing academic performance for all ETHS students through personalized help from faculty, staff and parents. SOS provides a structure to assist all students in improving academically and becoming responsible, self-directed learners. This support is intended to be personal, responsive to the individual student's specific needs, timely, and tenacious. The System of Supports model presents tiered supports to address both academic and behavioral needs.

Academic Supports

Tier 1: Classroom-Based or Universal Supports

Tier 1 is the foundation of good teaching for all students at ETHS, aimed at achieving both equity and excellence for all students. That foundation of good teaching is based on the belief that that every student can succeed academically, given the right amount of time and support.

Tier 2: Targeted, Programmatic, or Small-Group Academic Interventions

If Tier 1 supports are not sufficient to serve the needs of a student, then a Tier 2 intervention is considered. Targeted interventions in Tier 2 often – though not always – occur in small group settings that offer support which supplements support already provided to all ETHS students. Counselors are responsible for facilitating discussions and Tier 1 documentation is required for consideration. Parents, teachers or other interested adults may direct questions about Tier 2 to the student's counselor or social worker.

Tier 3: Intensive Individual Academic Interventions

If Tier 1 and Tier 2 interventions and supports do not sufficiently further academic success, individual plans may be created that are particular to the individual student's needs. Students identified as requiring Tier 3 interventions are referred to the Director of Special Education or the Assistant Superintendent/Principal by the Student Support Teams, Student Services Team, Academic Intervention Team, or Associate Principal for Educational Services.

SPECIAL ED

1012000119

Description of Major Activities:

Special education and related services are supports and services provided to students with disabilities. Certain state and federal laws must be followed to determine if a student is eligible to receive special education services. The Individuals with Disabilities Education Act (IDEA) entitles students with disabilities to a free appropriate public education designed to meet their unique needs. These services can begin at the age of 3 and continue up to age 22, and are to be provided in the least restrictive environment.

ATHLETICS

1015000174

Description of Major Activities:

The Athletics department is responsible for coordinating the high school's interscholastic athletic program. Related activities include managing the Athletic Hall of Fame, academic and eligibility support for athletes, off-season conditioning programs, activities in support of the Extra-Curricular Activity Code (respect for rules, healthful living habits, etc.), athletic facility rentals as well as summer sports camps for youth and high school students.

ETHS athletics is under the auspices of the Illinois High School Association (IHSA) and is a member of the Central Suburban League (CSL). In addition to a substantial operating budget, the department is also responsible for numerous Central Treasury accounts for fundraising and for administering conference, state and other tournaments.

SUMMER SCHOOL

1016000172

Description of Major Activities:

The Summer School program is a voluntary educational program of academic learning activities for high school students. Students may use the summer session to select courses to enrich their four-year program, to improve and develop skills, to complete required courses, and/or to make up courses needed for graduation.

MULTILINGUAL

1018000194

Description of Major Activities:

The Multilingual program is designed to meet the needs of English Learners (ELs). These are students who speak a language other than English as their first or home language. Through our program, EL students learn English as a new language, become familiar with United States culture and receive individual tutoring and academic counseling, so they can succeed in all of their courses. Courses offered in the Multilingual Program include English as a Second Language (ESL 1, 2, 3, 4), Pre-Algebra, Algebra, Geometry, World History, U.S. History, Physical Science, Biology, Chemistry, Tech Apps for Young Adults, ESL Transition Support and Summer ESL Enriched. Spanish Language/Culture for Heritage Learners (SHL 1-AP) is available for students whose first or home language is Spanish.

The Director of Multilingual Services works to encourage and increase parent involvement. Parent outreach meetings and activities are conducted at least quarterly. Students participate in field trips to local museums and other educational enrichment activities that enhance their language acquisition and cultural awareness. Facilities used by the program include a multilingual laboratory dedicated to use by students in the Multilingual Program. Regular access to the World Languages Laboratory is also provided for ESL and SHL students.

Budget Goals:

Improve student achievement and support teachers in their professional growth.

SUPPORT SERVICES - PUPILS

2000 – Function

Services which provide administrative, technical, and logistical support to facilitate and enhance instruction.

SOCIAL WORK SERVICES STUDENT SERVICES DEPARTMENT

1021100123

Description of Major Activities:

The Student Services Department provides a comprehensive developmental counseling program to meet the academic, social/personal, and college/career needs of students.

Social workers focus primarily on students' social/personal development. Through individual and topic-specific group sessions, social workers have confidential meetings with students. Social workers, in collaboration with members of the P.E. and Health Department, also address issues such as test anxiety, stress and health issues.

In partnership with other educators, parents/guardians, and the community, the Student Services professionals strive to ensure that all students at ETHS develop the skills, knowledge, and understanding necessary to be successful in our changing society.

SUBSTANCE PREVENTION SERVICES STUDENT SERVICES DEPARTMENT

1021200124

Description of Major Activities:

The Student Assistance Program (SAP) social worker has primary responsibility for Substance Prevention Services, although many at ETHS, including counselors, grade-level social workers, psychologists, deans, and members of the Physical Education/Health and Science Departments, also play roles. The SAP social worker is a member of the Student Services Department and:

- Provides education about the use and abuse of substances.
- Provides assessment, prevention, intervention, consultation and referrals for students and/or families.
- Oversees the ETHS Social Work Referral Form (for concerns of teachers).
- Collaborates on the Social Norms Marketing campaigns and helps conduct annual surveys with students and parents/guardians.
- Leads the School Team for Substance Abuse Prevention.
- Serves as a liaison with PEER Services, the National Alliance on Mental Illness Cook County North Suburban, and other community agencies.
- Oversees the Peer Jury and collaborates with the deans and the Safety Department on restorative justice.

The SAP social worker also has responsibility for other professional tasks that usually are not directly related to substance prevention.

COLLEGE/CAREER CENTER STUDENT SERVICES DEPARTMENT

1021200145

Description of Major Activities:

The staff in the College/Career Center (CCC) is responsible for providing services to students, parents, and the Evanston community, using comprehensive post-secondary resources.

A counselor is designated to be the coordinator of CCC. The post-secondary counselor works with students and parents, whose first language is not English; with first-generation collegebound students; with undocumented students; and with students who plan to enter the workforce after graduation. Within the context of that mission, the College Career Center does the following:

Maintain a library of books, catalogs, brochures, software, and other post-secondary reference materials.

Develop and present for students, faculty, parents and the community a broad range of postsecondary related programs. All programs are tailored for targeted audiences. For example:

College Workshop for Parents of Seniors College Workshop for Juniors and Parents Campus Visit Workshops FAFSA (financial aid assistance) Financial Aid Workshops for Juniors, Seniors, Freshman and Sophomores Job Shadowing program Career Day programs (various other programs)

Principal and initial contact between all colleges and ETHS Liaison for all college representatives and all college visits to ETHS.

The College/Career Center also has all materials sent to ETHS relating to colleges, careers, student opportunities, scholarships, internships, summer programs, events of interest to students, military options, and support for services related to job search and job preparation.

COUNSELING SERVICES STUDENT SERVICES DEPARTMENT

1021200148

Description of Major Activities:

The mission of Evanston Township High School's Services Department is to provide a comprehensive, developmental counseling program to meet the academic, personal/social, and college/career needs of all students. Student Service professionals are student advocates who support students throughout their high school career and help students maximize their academic achievement while acknowledging every student's individual and cultural uniqueness. In partnership with other educators, parents/guardians, and the community, Student Service professionals strive to ensure that all students at ETHS develop the skills, knowledge, and understanding necessary to be successful in our changing society.

GOAL; OBJECTIVES AND PERFORMANCE MEASURES

BOARD GOAL: Provide a system of supports, including a pyramid of interventions, to enhance academic success and wellness for all students.

SAFETY DEPARTMENT

1021900191

Description of Major Activities:

The Safety department is responsible for providing a uniformed presence and around the clock coverage for the Evanston campus.

Safety staff responds to calls for assistance and provides preventative patrols on foot and in vehicles.

The Safety Department maintains a state-of-the-art security camera monitoring system that covers both the internal and external areas of the campus.

The Safety staff receives annual in-service training in order to provide the most professional service to students, staff, and visitors. The department maintains liaison with the police, fire and disaster services.

GOAL; OBJECTIVES AND PERFORMANCE MEASURES

BOARD GOAL:

- ETHS will provide prudent financial stewardship
- ETHS will connect each student with supports to ensure that each student will experience social-emotional development and enhance academic growth
- **DEPARTMENT OBJECTIVES:**
- Increase professional development training for safety personnel.
- Employ a multimodal learning approach to continuous professional education

PERFORMANCE MEASURES:

- Periodic assessments of learning objectives
- Rotating opportunities for individual Safety Staff members to deliver educational content

INSTRUCTION & CURRICULUM DEVELOPMENT

1022100155

Description of Major Activities:

The Instruction & Curriculum Development department is responsible for ensuring a high quality educational program that increases each student's academic and functional trajectory to realize college/career readiness and independence. The department strives to eliminate the predictability of academic achievement based upon race.

Specific activities are organized into three broad areas:

Curriculum and Instruction

- Development of new courses and revision of existing courses and programs
- Ongoing Curriculum Review to ensure that our curriculum is up-to-date and culturally response.
- Adoption and deletion of textbooks and other instructional materials.
- Nurture community, business, and university partnerships to support the educational program.

BUSINESS SERVICES FISCAL SERVICES

1025100162 1025200170

DESCRIPTION OF MAJOR ACTIVITIES:

The Business Services department is responsible for the management of the finances of the District. The department is responsible for investing the District's financial resources which includes its short-term operating cash, bond proceeds, and any long term investments. The department is also responsible for the issuance of all District debt in the form of bonds. This process includes the preparation of an official statement, securing a financial rating, and issuing the subsequent debt. The staff also records financial transactions in accordance with Generally Accepted Accounting Principles promulgated by the Government Accounting Standards Board. The staff compiles appropriate interim financial information to facilitate management control of financial operations and prepares the Comprehensive Annual Financial Report (CAFR – audit).

GOAL; OBJECTIVES AND PERFORMANCE MEASURES

BOARD GOAL: Assure that the District remains financially solvent and that financial decisions consider student achievement and performance.

DEPARTMENT OBJECTIVES:

- Develop financial parameters and measures for all departments operating and educational.
- Constant monitoring of both the budget and best financial practices to ensure the best use of District financial resources.
- Use a financial planning model and financial policies related to those to address long-term programmatic and capital needs to improve student achievement.

PERFORMANCE MEASURES:

- Obtain and maintain the Popular Annual Financial Reporting Award presented by the Government Finance Officers Association.
- Obtain and maintain the Government Finance Officers Association Certificate of Excellence in Financing Reporting Award.
- Conduct mid-year budget review in January and recommend strategy to Board for the following year's budget.

ETHS District 202

Nutrition Services Department

1025600173

Description of Major Activities:

The ETHS Nutrition Services Department is responsible for providing ETHS students and staff nutritionally balanced meals that meet all state and federal National School Breakfast and Lunch Program guidelines.

The Nutrition Services Department also operated the following:

- 4 Student Cafeterias
- One faculty/staff cafeteria
- Full service catering Program for internal and external events.
- Prepares about 1800 meals each day for the District 65 Elementary Schools and other additional preschools/alternative schools in the Evanston area.
- Prepares 1000 meals a day for the City of Evanston summer camps.
- After school Snack and Dinner Program feeds 200 students a day.

Goals, Objectives and Performance Measures

Board Goal: Assure that the District remains financially solvent and that financial decisions consider student achievement and performance

- 1. Increase the average daily breakfast and lunch participation.
- 2. Educate students on nutrition and healthy food choices available in the cafeteria; through regular classroom, cafeteria and student visits.
- 3. Investigate and market all local products being used in the cafeterias.
- 4. Grow the ETHS Farm to School Program by adding additional indoor and outdoor garden space.

COMMUNICATIONS OFFICE

1026300164

Description of Major Activities:

The Communications Office of Evanston Township High School District 202 is charged with providing comprehensive, timely, and accurate information about district initiatives, school programs/activities, achievements to the students, parents/guardians, and the broader school community.

The office handles the school's brand oversight, media relations, digital communications, and certain community-focused events on behalf of the district.

NETWORK ADMINISTRATION

1026600139

Description of Major Activities:

The Network Administration department is responsible for the provision, implementation and support of the school's computer network system, including wiring plant, network switching equipment and network servers.

GOAL; OBJECTIVES AND PERFORMANCE MEASURES

BOARD GOAL: Assure that the District remains financially solvent and that financial decisions consider student achievement and performance.

DEPARTMENT OBJECTIVES:

- 1. To increase the use of instructional technology in 30% of the classrooms in order to improve student achievement.
- 2. To increase and improve ongoing community relations and communication through the use of technology.
- 3. To create a stable network/backbone in order to prepare for ongoing improvements and expansion of technology in the school.

ETHS DISTRICT 202

PARK SCHOOL

1041200183

Description of Major Activities:

Park School provides instruction of students with physical disabilities who reside both within and outside the District. The school is operated by District 65 and the costs are shared by the two Districts with District 202 assuming 40% of the financial cost.

TORT FUND

The Tort Fund is a Special Revenue fund that accounts for expenditures related to insurance for both property and workers' compensation. Special Revenue funds are funds that account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

The Tort Fund provides funds for:

- Premiums on property, liability and workers' compensation insurance policies
- Payments made for liability settlements
- Related expenditures

The funding for much of the Tort Fund is from property taxes. Those taxes, however, do not cover all the costs related to the District's insurance needs.

Budgeted revenues for FY 2024 are \$360,000 and expenditures are also budgeted at \$360,000.

GOALS:

- Continue to promote safe practices to reduce workers' compensation claims.
- Continue to promote safe practices to reduce liability claims.
- Continue to utilize nurse review program with our insurance consortium CLIC

OPERATIONS AND MAINTENANCE FUND

The Operations and Maintenance Fund is a Special Revenue fund that accounts for expenditures made for repair and maintenance of the District's buildings and land. Special Revenue funds are funds that account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

The Operation and Maintenance Fund provides funds for:

- employees who provide those services
- materials, supplies and energy to operate the facility
- specific building improvements that are required

Most of the funding for the Operations and Maintenance Fund is from property taxes. There is also revenue from the corporate property replacement tax as well as rental income and other miscellaneous revenues.

Budgeted revenues for FY 2024 are \$8.6 million and expenditures are budgeted at \$8.6 million. This is a 4.6% increase over FY 2023.

GOAL: OBJECTIVES AND PERFORMANCE MEASURES

BOARD GOAL: Provide consistent and stable financial stewardship assuring excellent education and opportunity for each student; reasonable property taxes; leveraging and optimizing resources; and values-based, cost-effective allocation of resources

DEPARTMENT OBJECTIVES:

- In compliance with the local, state and federal laws and regulations provide a safe, clean and comfortable learning and working environment for the District's students, teachers, administrators and the support staff.
- Maintain aesthetic appearance and structural integrity of the District's buildings and grounds.

PERFORMANCE MEASURES:

- Reduce District's carbon footprint in conjunction with the City's strategic goal
- Complete the Capital Improvements projects on time within the Board approved budget.

Building Improvements

2025300202

Description of Major Activities:

The Building Improvements consists of Painting, Carpeting, Asset Inventory, Telephone Wiring, Building Improvement and Contract Services accounts. The major activities of these accounts are capital improvements projects, architectural and engineering services needed to prepare drawings and specifications for the capital improvements projects, and the aesthetic and functional maintenance of the School District's facilities. Activities which are larger in scope, are planned out in advance, and are contracted out.

Custodial/Maintenance Services

2025400204

Description of Major Activities:

The major activities of this group of accounts are labor and supplies necessary to perform custodial services such as daily cleaning of classrooms, offices, gym areas, and hallways, moving furniture, meeting set-ups, changing light bulbs. Maintenance activities consist of labor and materials necessary to perform miscellaneous repairs such as repairs of glass, door hardware, furniture, walls, floors and ceilings. Majority of services provided are by the in-house staff, unless larger unplanned repairs are required.

Engineering Services

2025400206

Description of major activities:

The engineers are responsible for the operation, maintenance and repair of the boilers, chillers, generators, HVAC equipment, and Building Automation, Fire Alarm, plumbing, and electrical systems. Majority of the work is performed by the in-house staff. Some of the work which requires more specialized training and equipment, such as the repair and maintenance of elevators, boilers and chillers, fire alarms and building automation system, is contracted out. The engineer's responsibilities are to ensure efficient operation of the equipment, to minimize the emergency repairs and service disruptions, and to maximize the expected useful life of the School District's capital assets.

BOND AND INTEREST FUND

The Bond and Interest Fund accounts for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs. The primary revenue source is local property taxes levied specifically for debt service.

The District has \$28.3 million in outstanding debt.

Budgeted revenues for FY 2024 are \$3.57 million and expenditures are \$3.57 million.

GOAL: OBJECTIVES AND PERFORMANCE MEASURES

BOARD GOAL #3: ETHS will provide prudent financial stewardship.

TRANSPORTATION FUND

The Transportation Fund is a Special Revenue fund that accounts for expenditures made for student transportation. Special Revenue funds are funds that account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

The Transportation Fund provides funds for:

- Transportation of off-campus special education students
- Transportation of student athletes to sporting events
- Transportation for student field trips.

Two thirds of the funding for the Transportation Fund is from property taxes and the other third comes from state transportation funding. There is also other miscellaneous revenue.

Budgeted revenues for FY 2024 are \$1.34 million and expenditures are budgeted at \$1.34 million. This represents a 6.8% increase from the FY 2023 budget.

GOAL: OBJECTIVES AND PERFORMANCE MEASURES

BOARD GOAL #3: ETHS will provide prudent financial stewardship.

Strategies:

- Continue to analyze use of purchased buses to reduce overall transportation costs.
- Search for cost effective, reliable bus transportation

IMRF- SOCIAL SECURITY FUND

The IMRF (Illinois Municipal Retirement Fund) - Social Security Fund is a Special Revenue fund that accounts for expenditures made for employee retirement expenses. Special Revenue funds are funds that account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The Illinois Municipal Retirement Fund is the main retirement fund for the non-certified District employees.

The IMRF Social Security Fund provides monies for:

- The IMRF funding for retired and current non-certified District employees
- Social security funding for non-certified District employees
- Medicare funding for District employees

Most of the funding for the IMRF Social Security Fund is from property taxes. There is also other miscellaneous revenue.

Budgeted revenues for FY 2024 are \$3.6 million and expenditure are \$3.6 million.

CAPITAL IMPROVEMENTS FUND

The Capital Improvements Fund accounts for major projects though bond issues and monies raised specifically for such purposes. The Board reviews and approves an annual Capital Improvements Budget and a five-year plan.

FY 2024 expenditures will total approximately \$3 million. The funding sources are the 2024 debt issuance, which the District plans to issue in the Spring of 2024, transfers from the O&M fund, and funds raised by the ETHS Foundation.

Capital expenditures for the District are items that are over \$2,500 in value and have a useful life of over one year.

The 2022-26 Capital Improvement Program Plan was updated in the fall of 2022.

Re:	FY 2022-26 Capital Improvement Program

ISSUE

This is the District's proposed Capital Improvement Program (CIP) for FY 2023 through FY 2026 (with a recap of 2022). It is a comprehensive examination of the District's infrastructure needs and a financing plan to address as many of those needs as the District can afford.

This memo will address the following related topics:

- General Background
- Sources
- Bond Issuance
- Capital Improvements

GENERAL BACKGROUND

A CIP is a prioritized comprehensive approach to addressing the infrastructure needs of the District. It is considered a "best practice" in local government literature and is a required part of some national budget award programs.

The District's CIP is a five-year plan for capital improvements for a governmental organization. The first year is funded and the other four years are provided as a roadmap for future capital expenditures. There are six major reasons often cited for capital budgeting. They are:

- The stakes are high as the improvement of capital infrastructure is very expensive and special planning, financing, and managing are needed to ensure that the projects and acquisitions are needed, well designated and efficiently implemented. This is especially difficult during a pandemic.
- The decisions extend for years and most of the assets acquired will have useful lives of twenty years or beyond.

- The spending will vary from year to year depending on the project. Different projects will have different costs that will vary greatly from year to year.
- Implementation takes time as projects need to be coordinated and for many projects planning and implementation can occur over several years.
- Debt financing is often used and requires planning that must provide for comprehensive financing planning.
- Capital project differ from year to year and that must be taken into consideration to plan for everything from financing to implementation to maintenance.

Prioritization of capital improvements is always an issue. There will always be a struggle between the needs of the classroom and the general maintenance of the building envelope of the school and its basic operating systems.

The question is often asked, "What is a capital expenditure?" For the purposes of the CIP the answer is that a capital expenditure is one that results in the acquisition or addition to a capital asset or fixed asset as it is often referred to.

Fixed assets include many types of property that a local government owns and uses in its operations:

- Land or rights to the land.
- Buildings
- Additions or renovations of buildings that exceed a specified cost which generally is over \$25,000 in value that will add value to a building improve it or extend its useful life.
- Improvements to land other than buildings that exceed a specified cost which generally is over \$25,000 and add value to the land or improve its utility (such as drainage systems, parking lots, landscaping, irrigation and similar construction on land).
- Equipment, vehicles, and furnishings that have useful lives longer than one year and exceed a specified cost generally over \$25,000.

The overall goal for the District's capital improvement effort is:

A comprehensive capital improvement program that is used by decision makers to guide capital investments, make the best use of limited resources and provide District facilities that function well and contribute to the academic achievement, public health and safety of ETHS students, teachers and staff.

To accomplish this goal, a broad set of objectives and policies has been developed to guide preparation and monitoring of the capital improvement program and are included in the budget document each year.

SOURCES

The District does not have adequate bonding capacity to adequately replenish its capital improvements needs on an annual basis. This is evidenced by the fact that the District's annual depreciation expense (from our FY 2021 audit) is just over \$3.8 million and our bond capacity is between \$2-3 million annually. The real capital needs of the District exceed \$6 million a year. This is one of the main reasons the administration reinstituted the Foundation to assist in supporting our capital replenishment needs.

Sources of funding will come from bonds, Operations and Maintenance Fund, grants and monies raised by the ETHS Foundation. In addition, a set aside has been created to utilize some of the funds from the retired Washington National TIF District. That increment will continue to be used for capital funding unless needed for operational expenses.

CAPITAL IMPROVEMENTS

Attached is a comprehensive five-year projection of the proposed capital projects. The five-year plan outlines nearly \$31 million in needed capital improvements. While not all of these needs can be funded at the current time it is important to at least identify the needs and potential capital issues the District may have to address.

The Board approves the five-year plan but just the funding for the FY 2022-23 fiscal year. It is clear not all the projects on the five-year plan can be funded as there are \$31 million in needs and only approximately \$27 million in identified sources of funds.

RECOMMENDATION

It is recommended that the Board adopt the FY 2022 to FY 2026 Capital Improvements Plan (which amounts to \$31 million) and approve funding for the FY 2022-23 year (summer 2023), which amounts to \$2.63 million.

WORKING CASH FUND

The Working Cash Fund is a Special Revenue fund that accounts for financial resources held by the District to be used as temporary inter-fund loans for working capital requirements to the Education Fund, the Operations and Maintenance Fund and the Transportation Fund. Special Revenue funds are funds that account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The Working Cash Fund was funded through a bond issue. As allowed by the School Code of Illinois, this fund may be permanently abolished or become a part of the Education Fund.

The Working Cash Fund provides monies for cash flow for the Education, Operations and Maintenance and Transportation funds.

FINANCIAL ANALYSIS SECTION

SCHOOL DISTRICT FINANCIAL PROFILE

Since the Spring of 2003, the Illinois State Board of Education ("*ISBE*") has utilized a new system for assessing a school district's financial health. The new financial assessment system is referred to as the "*School District Financial Profile*" which replaces the Financial Watch List and Financial Assurance and Accountability System (FAAS). The new system identifies those school districts which are moving into financial distress.

The new system uses five indicators which are individually scored and weighted in order to arrive at a composite district financial profile. The indicators are as follows: fund balance to revenue ratio; expenditures to revenue ratio; days cash on hand; percent of short-term borrowing ability remaining; and percent of long-term debt margin remaining.

Each indicator is calculated and the result is placed into a category of a four, three, two or one, with four being the highest and best category possible. Each indicator is weighted as follows:

Fund balance to revenue ratio	35%
Expenditures to revenue ratio	35%
Days cash on hand	10%
Percent of short-term borrowing ability remaining	10%
Percent of long-term debt margin remaining	10%

The scores of the weighted indicators are totaled to obtain a district's overall score. The highest score is 4.0 and the lowest score is 1.0. A district is then placed in one of four categories as follows:

- *Financial Recognition*. A school district with a score of 3.54-4.00 is assigned to this category, which is the best category of financial strength. These districts require minimal or no active monitoring by ISBE unless requested by the district.
- *Financial Review*. A school district with a score of 3.08-3.53 is assigned to this category, the next highest financial strength category. These districts receive a limited review by ISBE, but are monitored for potential downward trends. ISBE staff also review the next year's school budget for further negative trends.
- *Financial Early Warning*. A school district with a score of 2.62-3.07 is placed in this category. ISBE monitors these districts closely and offers proactive technical assistance, such as financial projections and cash flow analysis. These districts also are reviewed to determine whether they meet the criteria set forth in Article 1A-8 of the School Code to be certified in financial difficulty and possibly qualify for a Financial Oversight Panel.

• *Financial Watch*. A school district with a score of 1.00-2.61 is in this category, the highest risk category. ISBE monitors these districts very closely and offers technical assistance with, but not limited to, financial projections, cash flow analysis, budgeting, personnel inventories and enrollment projections. These districts are also assessed to determine if they qualify for a Financial Oversight Panel.

For FY 2021 (the most recent data available) District 202 received a score of 4.0 out of 4.0. This score gave the District a **Financial Recognition** rating which is the highest category. The individual category ratings it received were:

- A score of 4 out of 4 for Fund Balance to Revenue Ratio
- A score of 4 out of 4 for Expenditures to Revenue Ratio
- A score of 3 out of 3 for Days of Cash on Hand
- A score of 4 out of 4 for Percent of Short-Term Borrowing
- A score of 4 out of 4 for Long-Term Debt Margin

The District's overall scores in Fiscal Years 2020, 2019, and 2018 were 4.0, 3.55, and 3.90, respectively.

* The Operating Funds include the Educational, Operations and Maintenance, Transportation and Working Cash Funds. For further analysis of the district's ability to levy and transfer monies into the operations of a district, the Working Cash Fund has been pulled separate below. Districts may transfer money from the working cash fund to any of the operating funds as a loan.

FINANCIAL POLICIES

I. BUDGET POLICIES

A. Education Fund

The Education Fund budget will be balanced annually with current revenues offsetting current expenditures.

B. Operations and Maintenance Fund

The Operations and Maintenance Fund budget will be balanced annually with current revenues offsetting current expenditures.

C. Bond and Interest Fund

The Bond and Interest Fund budget will be sufficient to provide payment of all debt service annually outstanding on District issued bonds. The length of maturity of any debt instrument will not exceed the average life of the asset being financed.

D. Transportation Fund

The Transportation Fund budget will be balanced annually with current revenues offsetting current expenditures.

E. IMRF and Social Security Fund

The IMRF and Social Security Fund will be providing sufficient revenues to meet the annual actuarially determined funding requirements by the IMRF fund and federal government.

F. Working Cash Fund

The Working Cash Fund will provide cash flow for the general operations of the District during the year and the earned interest income will be used to support the Education Fund.

G. Long Range Planning

The District will maintain a financial planning process that assesses the long-term financial implications of current and proposed operating and capital budgets, budget policies, cash management and investment policies, programs and assumptions. If needed this will be done with the assistance of an expert outside agency.

II. REVENUE POLICIES

A. Revenue Diversification

The District will continue to attempt to diversify its revenue portfolio whenever it can to reduce its huge dependency on property taxes.

B. Fees and Charges

Fees and charges will be based, as much as possible, on all the direct and indirect costs of providing that service. This will include the administrative overhead for collecting and administering that fee or charge.

C. Use of One-time or Non-Recurring Revenues

Non-recurring revenues shall be applied toward non-recurring expenditures. Examples of this are capital improvements and capital outlay for major equipment. As an extension of this policy, fund reserves carried from the prior year shall be expended only for non-recurring projects.

III. EXPENDITURE POLCIES

A. Education, Operations and Maintenance, Transportation, and Working Cash Funds

A minimum of 33%, or four months operating expenditures of these combined operating funds, will be maintained as cash reserve. A reserve range of 33%-45% of expenditures will be maintained. If the unreserved balance falls below the minimum, a plan will be developed to return to the minimum balance within a reasonable period of time. Any unreserved balance above the maximum will be transferred to the Operations and Maintenance Fund for construction, renovation, and major maintenance and repairs to District facilities.

B. IMRF and Social Security Fund

Fund balance shall be equal to 40-50% of expenditures for emergency needs and cash flow.

If the balance falls below minimum, a plan will be developed to return to the minimum balance within a reasonable period of time. If the balances exceed the maximum consideration will be given to transferring the excesses to the Capital Improvements Fund.

C. Bond and Interest Fund

The fund balance shall be equal to a minimum equal to debt service payments due in June to a maximum of one year's property tax-supported debt. That generally means at least a 50% of annual expenditures fund balance.

If the balance falls below the minimum, a plan will be developed to return to the minimum balance within a reasonable period of time

D. All Other Funds

All other funds are used primarily for capital improvements and Life-Safety improvements. These balances will be reviewed annually during development of the 5-Year Capital Improvement Plan to determine their adequacy for the projects scheduled.

E. Debt Capacity

The District shall maintain a debt issuance limit at the state required limit of .069 percent of assessed valuation.

F. Operating/Expenditure Accountability

The District shall conduct an annual mid-year budget analysis to comparable actual expenditures to budget periodically (e.g., mid-year) and decide on actions to bring the budget into balance, if necessary

G. Position Control and Vacancy Analysis

As positions become vacant an analysis, conducted jointly by the Business Office and Human Resource Department, will be done to evaluate the continued need for that position and how it fits into the strategic budget plan for the year. (Adopted April 16, 2007)

III. ASSIGNING FUND BALANCE

Assigning fund balances administratively will be done only by the Superintendent of the District.

LONG TERM FINANCIAL PLAN

EVANSTON TOWNSHIP HIGH SCHOOL DISTRICT 202

LONG TERM FINANCIAL PLANNING

The District has developed a long-term financial plan with the assistance of PMA Financial Network Inc. and 5 Cast. This plan is a five-year projection of revenues and expenditures for all funds. The plan is updated annually, or sooner if needed.

Audited information is included in the planning and updated each year. Enclosed are the summary pages from the most recent update.

Evanston THSD #202

- Local Revenue
 - Equalized Assessed Valuation (EAV) Changes without New Property
 - 2016 Levy 0.00% growth
 - 2017 Levy 0.00% growth
 - 2018 Levy 2.00% growth, Triennial Reassessment, TIF Revenues
 - 2019 Levy 0.00% growth
 - 2020 Levy 0.00% growth
 - New Property Assumptions
 - Estimated at \$10M annually, FY16 increased to \$12M & FY18 increased to \$57M due to expiring TIFs. 2019 was \$17 million, 2020 was \$33.5 million due to new construction

- Local Revenue
 - Consumer Price Index (CPI)
 - 2013 Levy 1.7% (actual)
 - 2014 Levy 1.5% (actual)
 - 2015 Levy 0.8% (actual)
 - 2016 Levy 0.7% (actual)
 - 2017 Levy 2.1% (actual)
 - 2018 Levy 1.9% (actual)
 - 2019 Levy 2.3% (actual)
 - 2020 Levy 1.4% (actual)
 - 2021 Levy 5.0% (actual)

- General State Aid/Evidence Based Funding
 - New funding formula, hold harmless provision as long as enrollment does not decline. This may change due to pandemic and State budget shortfall, but is stable for FY23
- Enrollment Historical and Projected
 - FY17 3,393
 - FY18-3,567
 - FY19-3,613
 - FY20 3,693
 - FY21-3,729
 - FY22 3,728
 - FY23 3,728

- Ed Fund 1% annual increases to Other Local Revenue, Federal Food Service, and Title I
- O&M Fund 2% annual increases to Other Local Revenue
- Trans Fund 2% annual increases to State Reimbursement
- All other revenues held flat
- Other State and Federal Categorical revenues are not expected to increase due to current economy and some flattening of revenues is expected due to unknown length of pandemic recovery

5 Cast.

- Salaries subject to recently settled contracts
- Expenditures have been revised due to revenue shortfalls from pandemic
- Retiree savings included
- Health insurance increasing by 3-5% in future years
- Ed Fund 2% annual increases to Capital Outlay & Other Objects
- O&M Fund 2% annual increases to Purchased Services and Supplies
- Trans Fund 2.5% annual increases to Purchased Services
- WC Fund \$10k transfer eliminated in future years
- All other expenses held at budget level

Evanston Township School District No. 202 Management's Discussion and Analysis (Unaudited) For the Year Ended June 30, 2022

The discussion and analysis of Evanston Township School District No. 202's (the District) financial performance provides an overall review of the District's financial activities for the year ended June 30, 2022. The management of the District encourages readers to consider the information presented herein in conjunction with the basic financial statements to enhance their understanding of the District's financial performance. Certain comparative information between the current year and the prior year is required to be presented in the Management Discussion and Analysis.

The words listed below are used throughout this section of the financial statements. The accompanying definitions should enhance the reader's understanding.

- Fiscal Year The period July 1, 2021 through June 30, 2022.
- Assets What the District owns.
- **Deferred Outflows of Resources** Consumption of net position/fund balance that applies to a future period.
- Liabilities Obligations for which repayment is expected to occur.
- Deferred Inflows of Resources Acquisition of resources that applies to a future period.
- Net Position The amount that remains after the liabilities/deferred outflows and inflows have been paid or are otherwise satisfied.
- **Revenues** Funds received through taxes, fees, grants and state and federal aid, and billed services performed.
- **Program Revenues** Revenues, primarily in the form of charges for services and restricted state and federal aid that fund related programs.
- **General Revenues** Revenues, primarily in the form of property taxes and unrestricted state and federal aid, used to finance the services not funded by program revenues.
- **Expenses** The costs of services provided, including payments to employees and vendors.
- **Funds** An accounting method that tracks the finances of a particular activity or group of activities with separate statements.
- Fiduciary Funds Account for resources held for the benefit of parties outside the District.
- Governmental Funds Major operating funds of the District.
- **Operating Funds** General Fund, Operations and Maintenance Fund and Transportation Fund.

Financial Highlights

- Net position of governmental activities increased by \$8.1 million to a net position of \$15.7 million at June 30, 2022. This is mainly due to an increase in operating grant revenues, increase in inter-governmental personal property replacement taxes, and increases in the IMRF net pension asset.
- The District received general revenue totaling \$88.2 million that constituted 73.7% of all revenues for fiscal year 2022. Revenue generated from charges for services and operating grants and contributions accounted for \$31.5 million, or 26.3%, of total revenues of \$119.7 million.
- Expenses related to governmental activities totaled \$111.6 million. Of these expenses, \$31.5 million was offset by charges for services or grants and contributions. When adding general revenues of \$88.2 million, there was a total surplus of revenues over expenses of \$8.1 million.

Financial Highlights (Continued)

- The General Fund had \$104.1 million in revenue, \$100.0 million in expenses, and \$1.2 million in other financing sources and uses in fiscal year 2022. The fund balance in the General Fund increased \$2.9 to \$37.6 million during fiscal year 2022. This is mainly due to an increase in state and federal aid revenues as well as inter-governmental personal property replacement taxes.
- The GASB has issued Statement No. 87, *Leases*, which was implemented by the District for the year ended June 30, 2022. This statement requires a lessee to recognize a lease liability and an intangible right to use asset, and a lessor to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. See Note A-11 and Note D or lessor lease information and see Note A-12, Note E, and Note F for lessee lease information.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's financial statements are organized as follows:

- 1. Management's Discussion and Analysis.
- 2. Basic Financial Statements.
 - a. Government-wide financial statements (general).
 - b. Governmental fund financial statements (specific).
 - c. Notes to the financial statements.
- 3. Required supplementary information.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position provide one useful indicator of the financial position or financial health of the District. Other nonfinancial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, must be examined to assess the District's overall financial health.

The statement of activities presents information showing how the District's net position changed during the fiscal year being reported. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

Evanston Township School District No. 202 Management's Discussion and Analysis (Unaudited) For the Year Ended June 30, 2022

Overview of the Financial Statements (Continued)

The government-wide financial statements present the functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The District has no business-type activities; that is, functions that are intended to recover all or a significant portion of their costs through user fees and charges. The District's governmental activities include instructional services (regular education, special education, and other), supporting services, operations and maintenance of facilities, and transportation services.

Governmental fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a school district's near-term financing requirements.

Because the focus of governmental fund financial statements is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General (Educational Account, Tort Immunity and Judgment Account, and Working Cash Account), Operations and Maintenance, Transportation, Illinois Municipal Retirement/Social Security, Debt Service, and Capital Projects Funds, all of which are considered to be major funds. The District maintains no fiduciary funds or proprietary funds.

The District adopts an annual budget for each of the funds listed above. A budgetary comparison statement has been provided for each fund to demonstrate compliance with this budget.

Notes to the financial statements

The notes to the financial statements provide additional information that is essential to a better understanding of the data provided in the government-wide and fund financial statements.

Overview of the Financial Statements (Continued)

Other information

In addition to the basic financial statements (including accompanying notes), this report also presents certain required supplementary information concerning the District's progress in funding its obligation to provide pension and other postemployment benefits.

District-Wide Financial Analysis

Net Position – Table 1: The District currently has total assets of \$155.2 million, including \$49.4 million in capital assets, including land, construction in progress, buildings, machinery, furniture, equipment, net of depreciation, and right to use assets, net of amortization. The District's total liabilities are \$78.8 million including long-term liabilities of \$73.2 million. The District's total net position is \$15.6 million.

District-Wide Financial Analysis (Continued)

Changes in net position – Table 2: Total revenues for the District are \$119.7 million. Of which property taxes and personal property replacement taxes accounted for 71.1% of total revenues. Expenses totaled \$111.6 million. The District's expenses are predominantly related to instructing, caring for, and transporting students totaling \$61.3 million, or 55.0% of total expenses. Administrative and business activities accounted for 11.1% of total costs. The combined net position of the District on June 30, 2022 is \$8.0 million higher than it was the year before, increasing from \$7.7 million to \$15.7 million.

District-Wide Financial Analysis (Continued)

Financial Analysis of the District's Funds

Revenues for the District's combined funds during the year totaled \$121.4 million. Expenditures for the same period were \$123.1 million.

- The fund balance in the General Fund increased by \$2.9 million during the year, mainly due to an increase in state and federal aid revenues as well as inter-governmental personal property replacement taxes.
- The fund balance in Operations and Maintenance Fund decreased by \$0.2 million to \$2.7 million during the year, due mainly to planned expenditures.
- The fund balance in the Transportation Fund decreased by \$0.4 million, decreasing the fund balance to \$2.8 million mainly due to increase in expenditures post COVID-19.
- The fund balance in the Municipal Retirement/Social Security Fund increased by \$0.4 million, increasing the fund balance to \$1.2 million. The increase is due to additional property taxes received.
- The Debt Service Fund experienced an increase of \$0.1 million, resulting in an ending fund balance of \$0.8 million. The increase is due to additional property taxes.
- The Capital Projects Fund balance increased \$2.4 million. The ending fund balance increased from a fund balance of nearly \$0 to \$2.4 million. The increase is due to a working cash abatement for planned capital projects.

Governmental Funds Budgetary Highlights

Over the course of the year, the District did not revise the annual operating budget. The District's governmental funds include the General (Educational Account, Tort Immunity and Judgment Account, and Working Cash Account) Fund, the Operations and Maintenance Fund, the Transportation Fund, the Illinois Municipal Retirement/Social Security Fund, Debt Service Fund, and the Capital Projects Fund. These funds have a combined fund balance of \$47.5 million

The General Fund had revenues exceeding budget by approximately \$7.0 million due primarily to an increase in property taxes and corporate personal property replacement taxes. Expenditures were greater than budget by \$3.0 million due to various purchased services greater than budget.

Capital Asset and Debt Administration

Capital assets – Table 3

As of the end of fiscal year 2022, the District has net capital assets of \$49.4 million in a broad range of resources including the school building and power plant, building improvements, vehicles, library books, textbooks, computers and the infrastructure to support them, other equipment and right to use leased assets. This amount represents a net increase of \$3.0 million from the prior year. More detailed information about capital assets can be found in Note E to the financial statements. Total depreciation and amortization expense for the year was \$4.2 million.

Capital Asset and Debt Administration (Continued)

Table 3Capital Assets (net of depreciation and amortization)(In thousands of dollars)						
	<u>2022</u>	<u>2021</u>				
Land	\$375	\$375				
Construction in progress	4,769	3,334				
Buildings and equipment	43,742	42,731				
Right to use leased assets	471	-				
Total	\$49,357	\$46,440				

Long-term liabilities – Table 4

At June 30, 2022, the District has \$30.8 million in general obligation bonds, qualified zone academy bonds, and debt certificates, and \$42.3 million of other long-term debt, including unamortized bond premiums of \$2.9 million and lease liabilities of \$0.5 million. In addition, at June 30, 2022, the net pension liability for TRS is \$3.4 million, the THIS net other postemployment benefit liability was \$33.9 million and the retiree health plan (RHP) total other postemployment liability was \$1.2 million. The TRS, IMRF, THIS, and RHP liabilities are included in "Other" in Table 4 below. The District continued to pay down outstanding debt. The District will continue its five-year Capital Improvements Plan. The existing bonds have short repayment schedules. More detailed information about long-term liabilities can be found in Note F to the financial statements.

Table 4Outstanding Long-Term Liabilities(In thousands of dollars)				
	<u>2022</u>	<u>2021</u>		
Bonds and debt certificates	\$30,810	\$27,920		
Other	42,378	<u>48,049</u>		
Total	<u>\$73,188</u>	<u>\$75,969</u>		

Capital Asset and Debt Administration (Continued)

At June 30, 2022, the IMRF plan fiduciary net position exceeded the total pension liability resulting in a net pension asset of \$14.9 million, which is presented as an asset on the statement of net position. The net pension asset for IMRF was \$6.6 million in at June 30, 2021.

Factors Bearing on the District's Future

The District is aware of the following factors that may affect its future financial health:

- The lack of consistent on-time payments from the State of Illinois and the potential loss of significant State revenues, particularly Evidence Based Funding (EBF).
- The continued deterioration of the financial condition of the statewide Teachers Retirement System (TRS) and the threat of the normal cost for the pension system being passed on to the District.
- In past fiscal years, tax receipts were reduced for refunds, objections, and adjustments, in effect reducing the tax collection rate. As a result of Public Act 102-0519, Cook County now has a "recapture levy" to collect previous extension amounts lost due to the property tax appeal process. Beginning in levy year 2021, the District's levy shall be increased by previous refunds, objections, and adjustments for a prior 12- month period. Time will be needed to better understand the assumed positive financial impact of this Act.
- General and categorical state and federal grant revenues represent a large percentage of the District's total revenue sources, and there is an annual concern whether future funding will continue at current levels.
- The state of the economy, particularly at the State level, continues to affect the District's state funding levels and timing of state receipts.
- The inability of lawmakers to address the State's financial dilemmas continues to create future financial uncertainty for school districts, of which the District is not immune. Likewise, the issue of local property tax "freezes" and pension reform continues to be a focus of State lawmakers, again creating more financial uncertainty for school districts.
- Employment contracts with mandatory financial obligations.
- Due to delays in the Cook County assessment process, the Office of the Cook County Clerk was significantly delayed in releasing the Agency Tax Rate Report and, as such, the ability to more accurately budget tax receipts for the 2023 fiscal year generated from the 2021 tax extension has been difficult.
- The long-term direct and indirect impacts of the COVID-19 pandemic on the District's enrollment, vendors, operations, and financing arrangements are currently unknown, as is the duration and severity of any impacts that the District may experience. The District continues to monitor investment values and returns, tax revenues, and state and federal funding, which could be impacted. While the District's evaluation is ongoing, management is currently unable to quantify the full effects that the pandemic will have on its operations, cash flows, and financial position; however, they may be significant.

Requests for Information

This financial report is designed to provide the District's citizens, taxpayers, management and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report, or need additional financial information, contact the Business Office: Evanston Township High School District 202, 1600 Dodge Avenue, Evanston, Illinois 60201.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Fund Accounting

The accounts of the District are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

Governmental funds are used to account for all or most of the District's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the servicing of general long-term debt (debt service funds), and the acquisition or construction of major capital facilities (capital projects funds). The General Fund is used to account for all activities of the general government not accounted for in some other fund. The District considers all governmental funds to be major.

4. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the nonfiduciary activities of the District. The effect of interfund activity has been eliminated from these statements. Governmental activities normally are supported by taxes, intergovernmental revenues, and local fees.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Government-Wide and Fund Financial Statements (Continued)

The *General Fund* includes the Educational Account, the Working Cash Account, and the Tort Immunity and Judgment Account. The Educational Account is the District's primary operating account. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Working Cash Account is for the financial resources, held by the District, to be used as temporary interfund loans for working capital requirements. Money loaned by the Working Cash Account to other funds must be repaid within one year. As allowed by the School Code of Illinois, this Fund may be permanently abolished and become part of the Educational Account, or it may be partially abated to any fund in need as long as the District maintains a balance in the Working Cash Account is used for revenues and expenditures related to liability insurance. Revenues are derived primarily from local property taxes.

The Student Activity and Scholarship balances are accounted for in the Educational Account. The balance accounts for activities such as student yearbooks, student clubs and councils and scholarships.

b. Special Revenue Funds

The special revenue funds are used to account for the proceeds of specific revenue sources (other than those accounted for in the debt service or capital projects) that are legally restricted to expenditures for specified purposes.

Each of the District's special revenue funds has been established as a separate fund in accordance with the fund structure required by the state of Illinois for local educational agencies. These funds account for local property taxes restricted to specific purposes. A brief description of the District's special revenue funds is as follows:

Operations and Maintenance Fund - accounts for all revenues and expenditures made for operations, repair, and maintenance of the District's building and land. Revenues consist primarily of local property taxes and inter-governmental personal property replacement taxes.

Transportation Fund - accounts for all revenues and expenditures made for student transportation. Revenues are derived primarily from local property taxes and state reimbursement grants.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Government-Wide and Fund Financial Statements (Continued)

b. Special Revenue Funds (Continued)

Municipal Retirement/Social Security Fund - accounts for the District's portion of pension contributions to the Illinois Municipal Retirement Fund, payments to Medicare, and payments to the Social Security System for noncertified employees. Revenues to finance contributions are derived primarily from local property taxes and inter-governmental personal property replacement taxes.

c. Debt Service Fund

Debt Service Fund - accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. The primary revenue source is local property taxes levied specifically for debt service and transfers from other funds.

d. Capital Project Fund

Capital Projects Fund - accounts for financial resources to be used for the acquisition or construction of major capital facilities. Revenues are derived from various local sources, bond proceeds or transfers from other funds.

5. Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues and additions are recorded when earned, and expenses and deductions are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized, as revenues, as soon as all eligibility requirements imposed by the provider have been met.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

Governmental funds are used to account for the District's general governmental activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e., when they are both "measurable and available". "Measurable" means that the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers property tax revenues and most other revenues available if they are collected within 60 days after year-end. Revenues that are paid to the District by the Illinois State Board of Education are considered available if vouchered by year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured principal and interest on general long-term debt which is recognized when due, and certain compensated absences, claims, and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Property taxes, inter-governmental personal property replacement taxes, interest, grants, and intergovernmental revenues associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports unearned and unavailable revenue on its financial statements. Unearned and unavailable revenue arises when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability or deferred inflow of resources for unearned or unavailable revenue is removed from the balance sheet and revenue is recognized. Governmental Funds also defer revenue recognition in connection with resources received, but not yet earned.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Deferred Outflows/Deferred Inflows

In addition to assets, the statement of net position and the governmental funds balance sheet may report deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period. At June 30, 2022, the District has deferred outflows of resources related to pensions, other postemployment benefits, and losses on refunding of bonds. In addition to liabilities, the District may report deferred inflows of resources. Deferred inflows of resources represent the acquisition of net assets that is applicable to a future reporting period. At June 30, 2022, the District reported deferred inflows of resources related to pensions, other postemployment benefits, property taxes levied for a future period, unavailable grant revenue, and unavailable lease revenue.

7. Budgetary Data

Budgets are adopted on a basis consistent with generally accepted accounting principles, except that the District does not budget for "on-behalf" contributions from the State for the employer's share of the Teachers' Retirement System pension and Teachers' Health Insurance Security other postemployment benefits (see the budgetary reconciliation to the required supplementary information). Annual budgets are adopted at the fund level for the governmental funds. The annual budget is legally enacted and provides for a legal level of control at the fund level. All annual budgets lapse at fiscal year-end.

8. <u>Deposits and Investments</u>

Investments are stated at fair value. Changes in fair value are included in investment income.

9. Inter-governmental Personal Property Replacement Taxes

Inter-governmental personal property replacement tax revenues are first allocated to the Municipal Retirement/Social Security Fund, with the balance allocated at the discretion of the District.

10. Inventory

Inventory consists of homes held for sale, built by District students. Homes held for sale are accounted for using the consumption method and are valued at cost by applying the specific valuation method and are carried at the lower of cost or market.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

11. Lease Receivable and Unavailable Lease Revenue

Certain payments from lessees reflect revenues applicable to future accounting periods and are recorded as a lease receivable and unavailable lease revenue liability in both the government-wide and fund financial statements. At the commencement of the lease term, the District records a lease receivable and deferred inflow of resources for unavailable lease revenue. The lease receivable is measured at the present value of the lease term. The deferred inflow of resources for unavailable lease revenue is measured at the value of the lease term. The deferred inflow of resources for unavailable lease revenue is measured at the value of the lease receivable, plus any payments received at or before the commencement date of the lease term the relate to future periods. As the lessor, the District recognizes lease income (which includes interest) to reflect a constant periodic rate of return on its net investment outstanding in respect to the lease.

12. Capital Assets and Right to Use Assets

Capital assets, which include land, buildings, improvements other than buildings, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual or group cost of more than \$2,500 and an estimated useful life of one year or more. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The District has recorded right to use assets as a result of implementing GASB 87. The District's right to use assets were initially recorded at an amount equal to the related lease liability (Note F). The right to use assets are amortized on a straight-line basis over the remaining term of the related lease.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Depreciation of capital assets and amortization of right to use assets is provided using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	20 - 108
Improvements other than buildings	20
Equipment	10 - 20
Right to use leased assets	2 - 5

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

12. Capital Assets and Right to Use Assets (Continued)

Construction in progress is stated at cost and includes engineering, design, material, and labor costs incurred for planned construction. No provision for depreciation is made on construction in progress until the asset is completed and placed in service.

13. Compensated Absences

The District's personnel policies permit all employees to accumulate earned but unused vacation and sick pay benefits. Upon retirement, teachers and support staff can use a portion of their unpaid sick time as service credit for TRS or IMRF, respectively. The liability for the remaining portion is calculated using a per diem rate agreed to in the employees' contract. Accrued vacation is calculated based on the pay or salary rates in effect at June 30, 2022, and includes estimated fringe benefits. There is no maximum on accrued vacation. The compensated absences are reported in the governmental funds only if they have matured (i.e., unused reimbursable leave still outstanding following an employee's resignation or retirement).

Compensated absences expected to be liquidated with expendable available financial resources are reported as an expenditure and a fund liability of the fund in which the employee expenditure it reported, either the General (Educational Account) Fund, Operations and Maintenance Fund, or the Transportation Fund.

14. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts and losses on refunding of bonds, are deferred and amortized over the life of the applicable bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, losses on refunding, and bond issuance costs, during the current period. The face amount of debt issued, including leases, is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance cost, whether or not withheld from actual proceeds, are reported as debt service expenditures.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

15. Pensions and Other Postemployment Benefits

For purposes of measuring the net pension liabilities and other postemployment benefits (OPEB) liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plan and additions to/deductions from the pension/OPEB plan's fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are stated at fair value.

16. Fund Balance

The governmental funds report five components of fund balance: nonspendable, restricted, committed, assigned, and unassigned.

- a. *Nonspendable* includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. The nonspendable in form criteria includes items that are not expected to be converted to cash such as prepaid items or inventories.
- b. *Restricted* refers to amounts that are subject to outside restrictions such as creditors, grantors, contributors, laws and regulations of other governments, or imposed by law through enabling legislation. Special revenue funds, as well as debt service and capital projects funds, are by definition restricted for those specified purposes.
- c. *Committed* refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the District's highest level of decision making authority (the Board of Education). The Board of Education commits fund balances by passing a resolution. Amounts committed cannot be used for any purpose unless the District removes or changes the specific use by taking the same type of formal action it employed to previously commit those funds. The District had no committed fund balance at June 30, 2022.
- d. *Assigned* refers to amounts that are constrained by the District's intent to be used for a specific purpose, but are neither restricted or committed. Intent may be expressed by the Board of Education or the individual the Board of Education delegated the authority to assign amounts to be used for specific purposes. The Board of Education has declared that the Superintendent may assign amounts for a specific purpose. The District student activity balance of \$2,985,545 has been assigned at June 30, 2022.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

16. Fund Balance (Continued)

e. *Unassigned* - refers to all spendable amounts not contained in the other four classifications described above. In funds other than the General Fund, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, assigned balances, and, finally, they act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

Governmental fund balances reported on the fund financial statements at June 30, 2022 are as follows:

The nonspendable fund balance in the General Fund consists of \$37,325 for inventory. The remaining restricted fund balances are for the purpose of the restricted funds as described in Note A-4.

The District also has the following policy that relates to fund balance reserves:

The combined operating funds (General, Operations and Maintenance, and Transportation Funds), must maintain a reserve range of a minimum of 33% and up to 45% of expenditures as a fund balance reserve. For the Municipal Retirement/Social Security Fund, fund balance shall be equal to 40 to 50% of expenditures for emergency needs and cash flow. For the Debt Service Fund, the fund balance shall be equal to a minimum equal to debt service payments due in June to a maximum of one year's property tax-supported debt. That generally means at least a 50% of annual expenditures fund balance. If the fund balance falls below the minimum, a plan will be developed to return to the minimum balances within a reasonable period of time. Any balance above the maximum levels, with the exception of the Municipal Retirement/Social Security Fund, as described, will be transferred to the Operations and Maintenance Fund for construction, renovation, and major maintenance and repairs to District facilities.

17. Restricted Net Position

For the government-wide financial statements, net position are reported, as restricted, when constraints placed on net assets are either: (1) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments, (2) imposed by law through constitutional provisions, or (3) imposed by enabling legislation. All of the District's restricted net position was restricted as a result of enabling legislation.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, and then unrestricted resources, as they are needed.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

18. Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources, and the disclosure of contingent assets, deferred outflows of resources, liabilities, and deferred inflows of resources at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

EVANSTON TOWNSHIP HIGH SCHOOL 2023-24 DISTRICT TEAM ORGANIZATIONAL CHART

District 202 | 1600 Dodge Avenue • Evanston, Illinois 60201 | (847) 424-7000 | www.eths.k12.il.us

THE DISTRICT

GENERAL DESCRIPTION

The District serves the entire 8.5 square miles of the City of Evanston and approximately 1.2 square miles of the Village of Skokie.

The City of Evanston located north of the City of Chicago and sharing a common border is approximately 12 miles from downtown Chicago. Evanston is the first in a north-bound succession of eight communities fronting Lake Michigan collectively known as "The North Shore."

Evanston is the home of Northwestern University and includes a mix of light industry, highly developed commercial property, and excellent residential areas reflecting major growth in the 1920's and the 1950's. Home values are diverse, ranging from smaller homes to lakefront estates. Transportation is available via local and regional bus lines, and the Eden's Expressway and Sheridan Road provide direct access to downtown Chicago. The Chicago Transit Authority operates two commuter rail lines that connect Evanston and Skokie with the Chicago transit system. In addition, various cultural activities are available to District residents, with independent theater groups, museums, arts galleries and a symphony orchestra in the area.

The District continues to provide excellent educational opportunities for students with strong performance on national tests. Currently, the District's enrollment is approximately 3,700 students.

DISTRICT ADMINISTRATION

The day-to-day affairs of the District are conducted by a full-time staff including the following central administrative positions.

Marcus Campbell Superintendent	
Pete Bavis Assistant Superinter Instruction and Boar	ndent for Curriculum and rd Secretary
Taya Kinzie Assistant Superinter	•
Scott Bramley Chief Human Resou	rce Officer
Kendra Williams Chief Financial Offi	icer and Treasurer

The Board appoints the administration. The staff is chosen by the administration with the approval of the Board. In general, policy decisions are made by the Board while specific program decisions are made by the administration.

SCHOOL AND COMMUNITY

Evanston Township High School (ETHS) District 202 is a four-year (9-12), comprehensive high school occupying a 65-acre campus in Evanston, Illinois, a suburb of Chicago along the Lake Michigan shore. ETHS was established in 1883 and serves the city of Evanston and a small portion of the neighboring village of Skokie for a total district population of approximately 78,000.

The attendance area of the school is home to Northwestern University and Oakton Community College, and has a variety of office developments, technology parks, light industrial, and shopping districts. Together, the two communities offer an ethnic, economic, racial, and cultural diversity that is reflected in the student body. Evanston Township High School has more than 300 certified staff members, a majority of whom have a Master's degree or beyond. ETHS is fully accredited by the State of Illinois.

SCHOOL HIGHLIGHTS

- Nationally ranked in top 5% of high schools (sources: U.S. News & World Report 2021)
- Nationally recognized in 2020 as a Project Lead The Way (PLTW) Distinguished School
- Technology Education Association of Illinois 2017 High School Program of the Year Award in Career and Technical Education (CTE)
- Google for Education Reference District, as of 2017
- 2016 Magna Award 1st Place winner in the under 5,000 enrollment category for the teamASAP Program

CURRICULUM

Evanston Township High School provides a rigorous career and college preparatory curriculum with over 250 courses. The curriculum includes an extensive range of academic courses, fine arts, career and technical education courses, and electives in all core academic areas. Honors-level credit can be earned in 154 courses in all curricular areas except physical and wellness education. ETHS offers 34 Advanced Placement (AP) courses in the areas of Career & Technical Education, English, fine arts, history/social science, mathematics, science and world languages. The Career & Technical Education Department at ETHS offers a series of six (6) Project Lead the Way (PLTW) engineering courses that integrate national academic and technical learning standards and Science, Technology, Engineering, Arts, and Mathematics (STEAM) principles.

Pathway to Honors Course. Biology 1, Humanities English, 2 English, 3 English, 1 Humanities History, Civics, US History, American Legal Systems, Geometry, 2 Algebra, Precalculus, all Fine Arts, and Career & Technical Education courses, excluding PLTW and AP courses, provide students a pathway to honors credit. These courses provide all students with an articulated road map to honors credit. Honors credit is recognized at the end of each semester based on the successful completion of the pathway.

Career Pathways and Certifications. ETHS provides career-related education and training in 15 different career areas including Project Lead The Way engineering, health sciences, water operator training, and public safety training in partnership with the Evanston Police and Fire Departments and Oakton Community College. Students enrolled in specific courses can earn industry-recognized certifications such as Automotive Service Excellence (student level), Level 1 Early Care and Education (ECE) credential, National Institute of Metalworking Skills (NIMS) certification, food safety and sanitation certifications, and Pharmacy Technician certification.

Northwestern University College Credit. Students who have exhausted all of the available accelerated courses in an academic area at ETHS may take advanced courses for college credit at Northwestern University through a special scholarship program.

Dual Credit. Students may dual enroll in both an ETHS class and the equivalent Oakton Community College or Northeastern Illinois University (NEIU) course and receive college credit. Through articulation agreements with Oakton/NEIU, students will register with the college and after successfully passing the ETHS class, will receive college credit for the course. Dual credit is currently offered in certain courses in the Career and Technical Education, Fine Arts, History/Social Science and Mathematics Departments.

GRADUATION REQUIREMENTS

Students must earn a minimum of 48 semester credits and successfully complete the following core requirements to earn an ETHS diploma:

English	8	Civics	2	Reading (if required)	PASS
Mathematics	6	Physical Education	7	Consumer Education	PASS
Science	4	Wellness Education	1	Constitution Test	PASS
History & Social	4	Fine Arts / Career & Technical Education	3	State Sponsored SAT	Gr11
Sciences		Electives	13	FAFSA Completion or, a the Alternative Application Illinois Financial Aid	s eligible, on for

GRADING SCALE

А- В+		В- С+ С С-	2.3 2.0	D+ D F	1.3 1.0 0.0		Incomplete Pass in Pass/Fail Course Fail in Pass/Fail Course No Credit (lack of attendance)	Highest weighted GPA in Class of 2022: 4.7727 Highest unweighted GPA in Class of 2022: 4.0000
----------	--	---------------------	------------	--------------	-------------------	--	--	--

Values are increased by .5 for honors courses (A = 4.5); by 1.0 for Advanced Placement (AP) courses (A = 5) with completion of the AP exam; and Project Lead the Way (PLTW) courses with completion of the end of course exam (A = 5). Honors and AP credit are not offered in Summer School. ETHS no longer calculates class rank, effective with the Class of 2014.

ETHS courses completed during middle school (e.g., 1 Algebra and Geometry) may be listed on transcripts and are applied toward graduation requirements. Grades earned are averaged into a student's cumulative GPA.

Transfer students receive credit only for courses they have passed which are evaluated as comparable to those offered at ETHS. Transfer courses are listed on transcripts by subject area rather than by specific title, and a P for "passed" replaces a grade. Transfer credit is not calculated in the GPA.

College/University courses appear on transcripts as pass/fail.

ADVANCED PLACEMENT (AP) EXAM SCORES

All students taking ETHS AP courses are required to take the corresponding AP exam. In the spring of 2022, 1,005 students (27% of the student body) took 2,253 AP exams.

NATIONAL MERIT SCHOLARSHIP PROGRAM

The ETHS Class of 2022 had 15 Semifinalists and 4 Commended Students in the National Merit Scholarship Program.

SAT TEST SCORES

Ninety-seven percent (97%) of students from the Class of 2023 took the state-administered SAT. ETHS students continue to score higher than the national average.

2021-22 Year in Review Evanston Township High School

Department of Research, Evaluation & Assessment November 2022

INTRODUCTION

Year in Review was introduced in the 2020-21 school year as the successor to the annual Achievement Report. The new report included data from all grade levels enrolled during the previous school year, in contrast to prior reports that focused on graduated cohort data only. This change allowed for a more holistic picture of all students and their progress throughout the year. The Year in Review 2021-22 continues this approach with measures for all students enrolled in the 2021-22 school year, our first year back to full in-person learning after the global pandemic.

The annual Year in Review report has some key features:

- The report does not include data that are reported annually on the district report card, such as SAT test scores;
- Data that are reported in-depth in a separate board report are not included, such as student behavior data or AP scores;
- The report does contain new data elements, including
 - o postsecondary enrollment data
 - o student wellbeing survey data
 - 5Essentials student survey data, and
 - $\circ~$ career readiness measures, such as work-based learning experiences.

Additional sources of data are embedded into this report to round out the data traditionally reported, including:

- 5Essentials student survey data from March 2022
- ETHS Wellbeing/Climate student survey data from February 2022
- National Student Clearinghouse data as of January 2022

Year in Review reflects not only a new approach of looking at all students enrolled during the past academic year, but also a move to incorporate more varied and nuanced measures of students' experiences at ETHS.

A final note: the colors used in the charts and graphs throughout this report reflect the colors used to identify the different wings of the ETHS main campus building. This use of color approaches data visualization through an equity lens that does not intentionally or inadvertently assign value to different groups or measurements reported in the visualizations.

Organization of the Report

This report analyzes student data from the 2021-22 school year. The data reported represents the class of 2022 and earlier (seniors), class of 2023 (juniors), class of 2024 (sophomores), and class of 2025 (freshman). The report includes the following sections:

- Student Wellbeing sense of belonging and connectedness survey data; and student involvement in extracurricular activities
- Academic Measures GPA, cumulative weighted and unweighted; and Advanced Coursework, as measured by the percent
 of class of 2022 that took at least one honors, Advanced Placement (AP), or Project Lead The Way (PLTW) level course
- Attendance average daily attendance rate by subgroup
- Post High School Planning career pathway information sessions; work-based learning experiences; summer internships; high school graduation rates; postsecondary enrollment within first two years after high school; and six-year postsecondary graduation rates

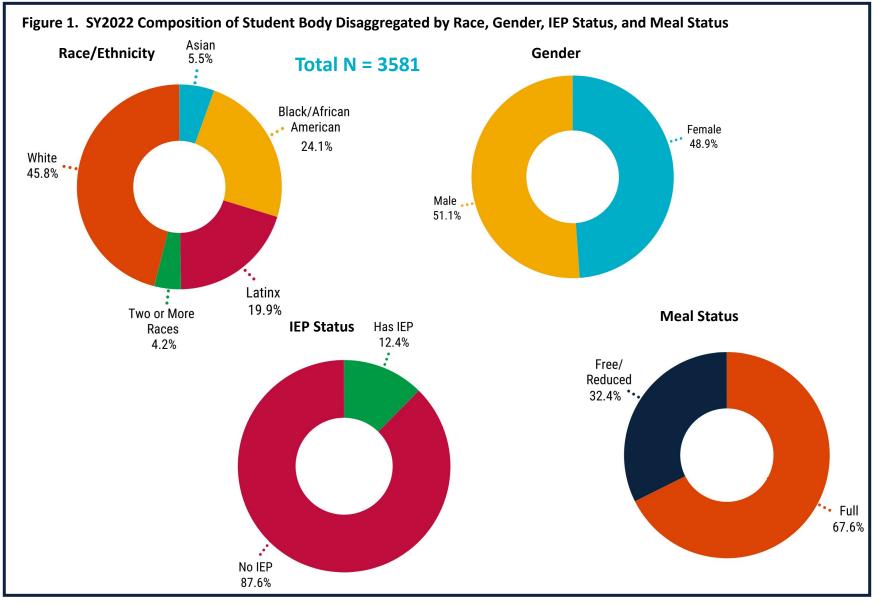

Overview of Student Data

Student data is reported by graduation year (class of 2022, 2023, 2024, and 2025). Class of 2022 and earlier includes data for students who were enrolled ETHS as seniors during the 2021-2022 school year who are from earlier graduate cohorts (i.e. 2021, 2020, and 2019).

Students who transferred out of the district are not included in this report. In addition, only students enrolled in the main campus, ALT School, and ETHS Day School are included in the analysis. Academic and career ready indicators, as well as some survey data, are not available for students in off-campus placements.

Where available, this report disaggregates data by students' race, gender, meal status (as measured by participation in the free- or reduced-price lunch program) and IEP placement to address the district goal to provide an excellent education to all students given the diversity of experiences and needs within the ETHS student population. Presently, the number of students who are English learners is too small to include in this analysis. However, this group may be reported on in future analyses as student demographics change. In addition, the number of students classified as American Indian or Native Hawaiian are too small (less than 20) to report on when disaggregated by race/ethnicity, and therefore not reported on in the disaggregate.

DEMOGRAPHICS

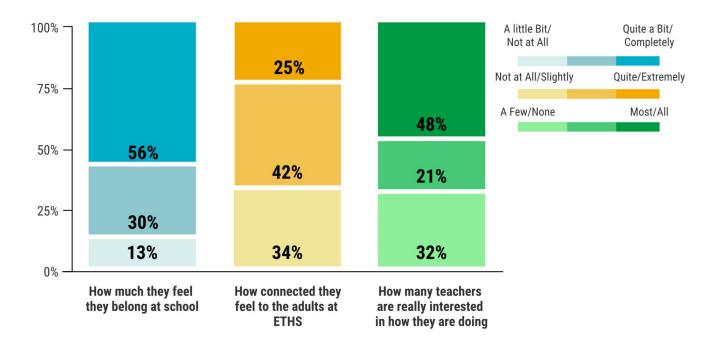

Social Emotional Learning & Wellbeing

Wellbeing/Climate Survey (February 2022)

- Students were asked how much they feel like they belong at their school; how connected they feel to the adults at their school; and when their teachers ask how they are doing, how many of their teachers are really interested in their answers. The chart below shows the results for all students.
 - o The Wellbeing/Climate Survey asked students to self-identify their race/ethnicity and gender identity. The sense of belonging and connectedness data are disaggregated based on how students identify themselves. The following three slides present the results disaggregated by race/ethnicity and gender identity.

Chart 1. Sense of Belonging & Connectedness

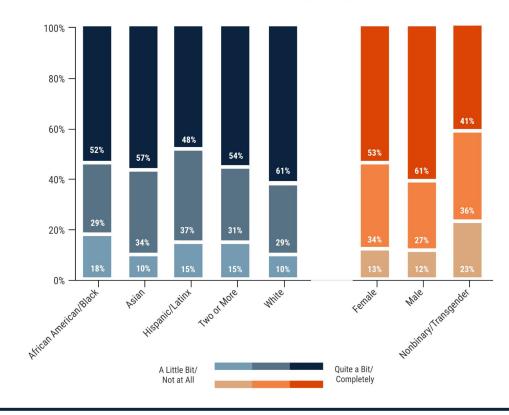

Students report...

Wellbeing/Climate Survey (February 2022)

- Overall, 56% of students report that they belong quite a bit or belong completely at ETHS.
 - o Students who identified as Hispanic/Latinix and students who identified as nonbinary/transgender were less likely to report they belong quite a bit or completely.

Chart 2. Sense of Belonging & Connectedness, cont'd

Students report they belong...

Wellbeing/Climate Survey (February 2022)

- Overall, 25% of students reported on the Wellbeing/Climate Survey they felt quite or extremely connected to adults at their school.
 - o Students who identify as Asian and students who identify as male are more likely to report feeling quite or extremely connected to their school.
- Overall, 34% of students reported feeling only slightly connected or not connected at all to adults at their school.

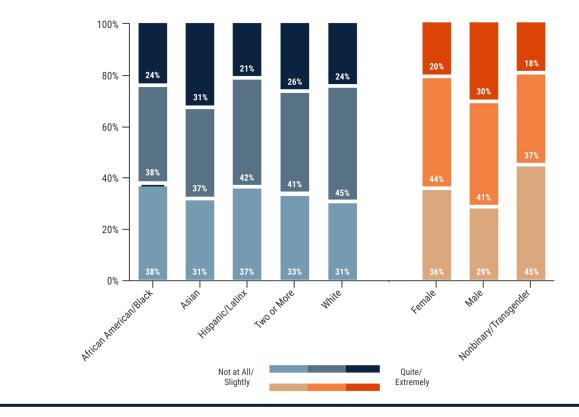

Chart 3. Sense of Belonging & Connectedness cont'd

Students report they feel connected...

Wellbeing/Climate Survey (February 2022)

- Overall, 48% of students reported that most or all of their teachers are really interested in how they are doing.
 - o Students who identify as Asian and students who identify as male were more likely to report most or all of their teachers are really interested in how they are doing.
 - o Students who identify as nonbinary/transgender were less likley to report that most or all of their teachers are really interested in how they are doing.

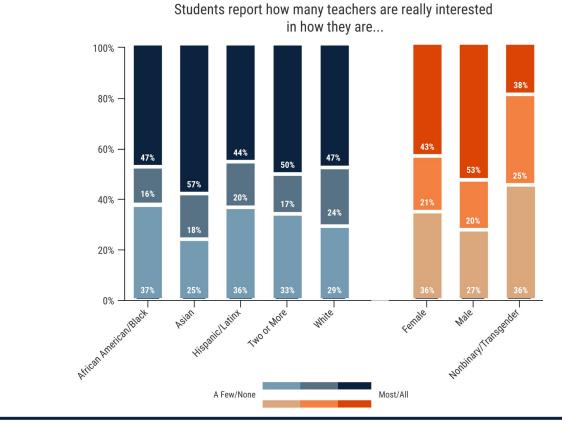

Chart 4. Sense of Belonging & Connectedness cont'd

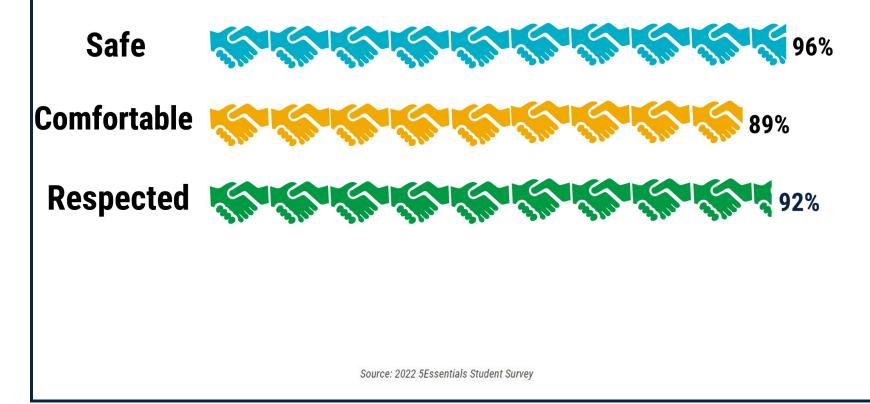

2021-22 Year in Review

5Essentials Survey (March 2022)

The majority of students who took the 5Essentials survey reported they feel safe, comfortable and respected with their teachers at school.

Figure 2. Sense of Belonging & Connectedness cont'd

Students agree/strongly agree that teachers make them feel...

STUDENT WELLBEING - SCHOOL INVOLVEMENT

One of the district goals is to have all students participate in at least one extracurricular activity, including athletics, student activities & clubs, and fine arts programs. Chart 5 shows the percent of students participating in at least one extracurricular activity in school years 2021 and 2022. There were 184 different athletic teams, clubs or fine arts programs that students have access to.

SY2022 saw an increase in extracurricular participation over SY2021, but not to the same level of participation as SY2020 before the global pandemic. Remote learning had a substantial negative impact on extracurricular participation for students with an IEP and students eligible for free or reduced price lunch, followed by African American/Black and Latinx students.

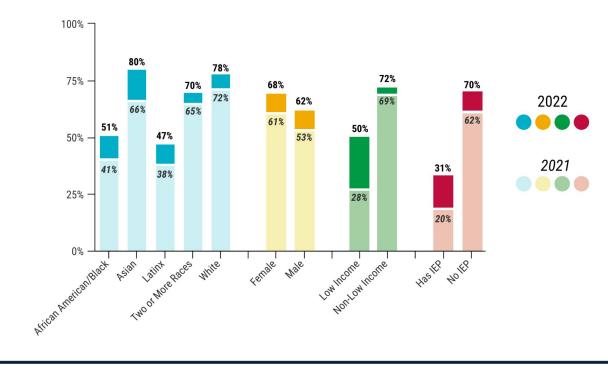

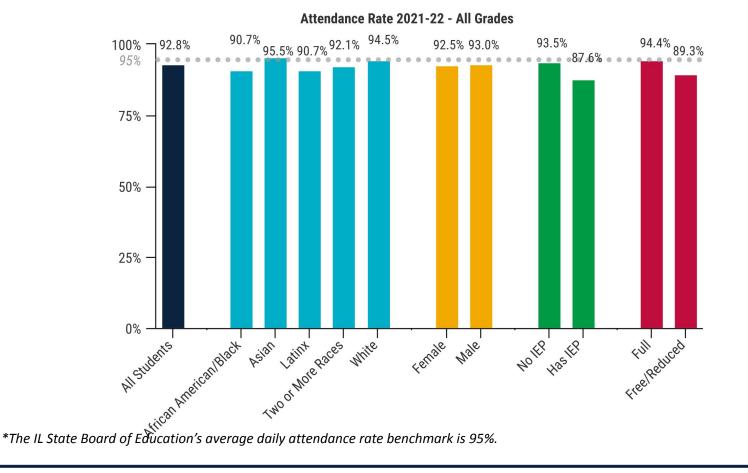

Chart 5. Percent of Students Participating in At Least one Extracurricular Activity in SY2021 & SY2022

Academic & Attendance

ATTENDANCE

- In SY2021-22, the average attendance rate for all students was 92.8%; the average for the state of IL was 90.7% (IL Report Card 2021-22).
- In SY2021-22, attendance rates are lower overall and disaggregated by race, gender, IEP status, and meal status compared to SY2020-21. This change is due to the adjustment back to in-person learning after over a year of remote learning during the Covid-19 pandemic.

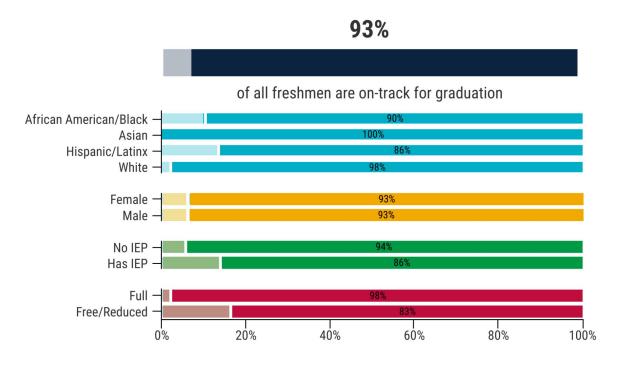

Chart 6. Attendance: SY2021-22 All Grades

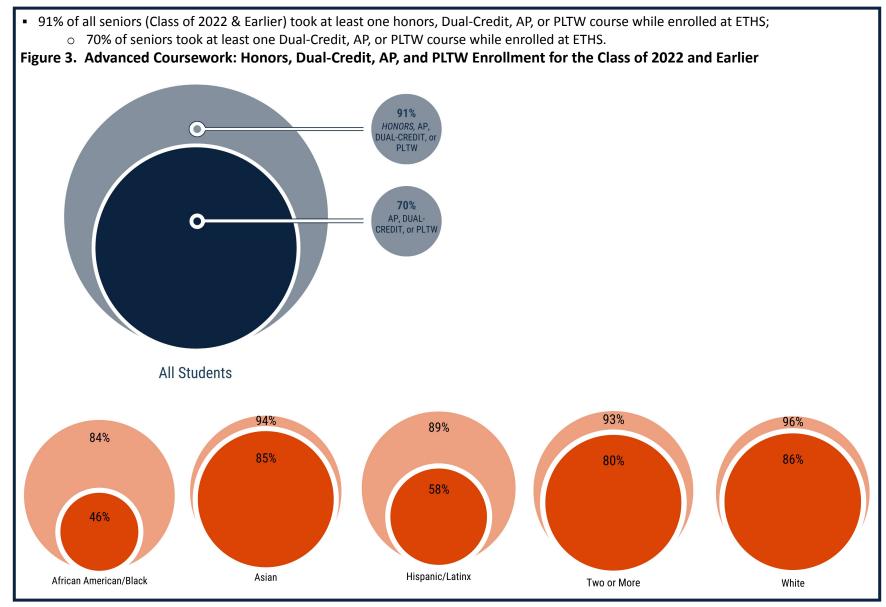

ACADEMIC MEASURES - FRESHMAN ON-TRACK

- According to the IL Report Card, students on track have completed 10 semester credits and have earned no more than one semester "F" in a core course (English, math, science, and social science). The IL Report Card does not disaggregate Freshman On Track data.
- Overall, 93% of freshman in the Class of 2025 are on track for graduation.
 - 86% of Hispanic/Latinx students from the Class of 2025 are on track for graduation.
 - 83% of students who receive free or reduced price lunch are on track for graduation.

Chart 7. Freshman On Track (Class of 2025)

ACADEMIC MEASURES - ADVANCED COURSEWORK

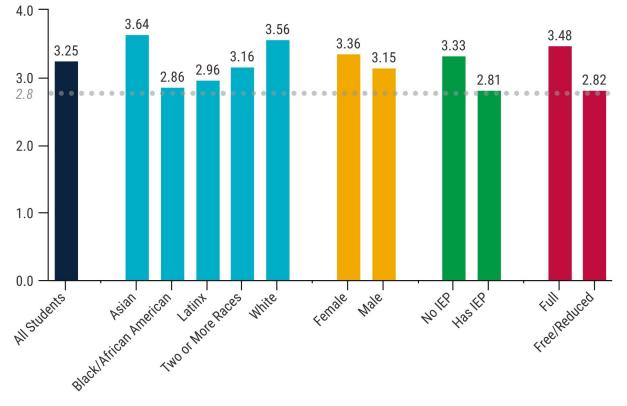

2021-22 Year in Review

ACADEMIC MEASURES - GPA

- For Seniors (Class of 2022 & Earlier), the average cumulative unweighted GPA was 3.25 on a 4.0 scale.
 - All student subgroups had an average cumulative unweighted GPAs at or above the benchmark of 2.8*.

Chart 8. GPA: Seniors (Class of 2022 & Earlier) Cumulative Unweighted GPA

Cumulative Unweighted GPA Class of 2022 and Earlier

*One of the indicators used by the IL State Board of Education College to determine if students are College and Career Ready is a cumulative unweighted GPA of 2.8 or better.

Post High School Planning

COLLEGE & CAREER READINESS - CAREER PATHWAY INFORMATION SESSIONS

760 students viewed virtual career pathway information sessions led by local employers that participate in The Mayor's Employer Advisory Council (MEAC). This is an increase in participation from 598 virtual career pathway information sessions viewed in the 2020-21 school year.

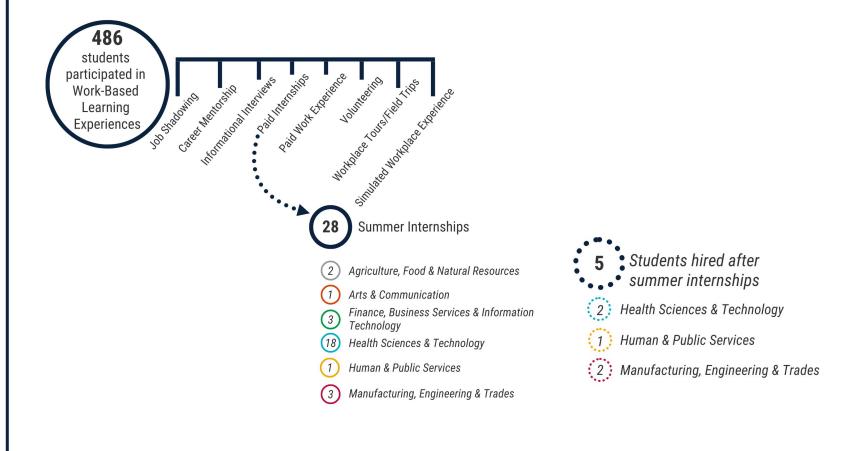

33 local employers participated at the ETHS Career Pathways Fair in SY2021-22.

COLLEGE & CAREER READINESS - WORK-BASED LEARNING EXPERIENCES

486 students participated in Work-Based Learning Experiences (WBLEs) in SY2021-22. WBLEs are an educational approach that use the workplace or real work to provide students with the knowledge and skills that help them connect school experiences to real-life work activities and future career opportunities. Direct employer or community involvement is an essential component of the WBLE to ensure in-depth student engagement.

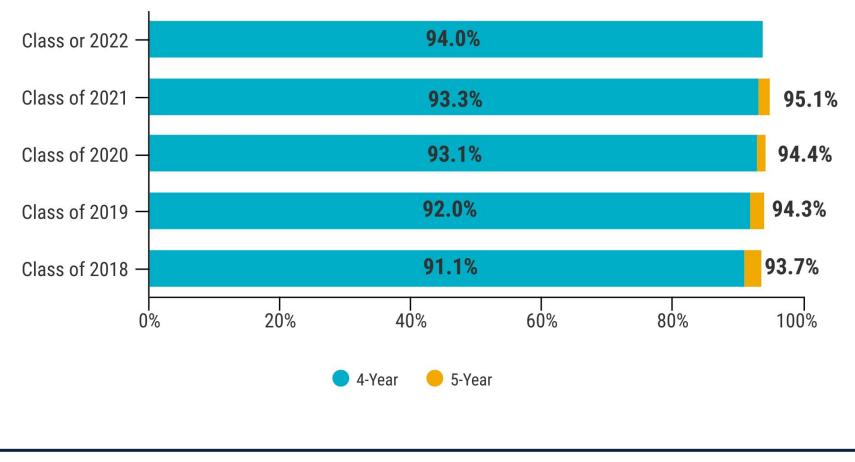

28 students participated in a 10 week paid summer internship, and 5 students were hired after their summer internship ended.

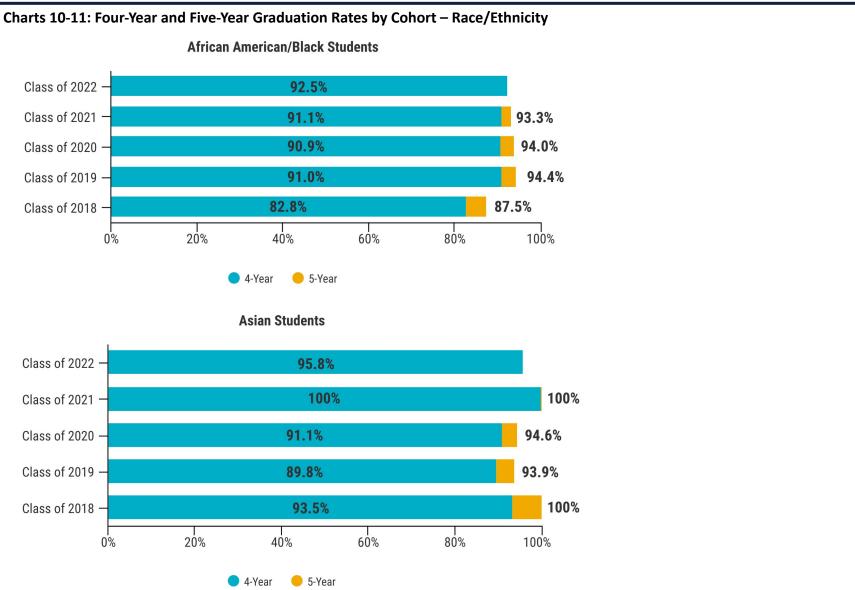

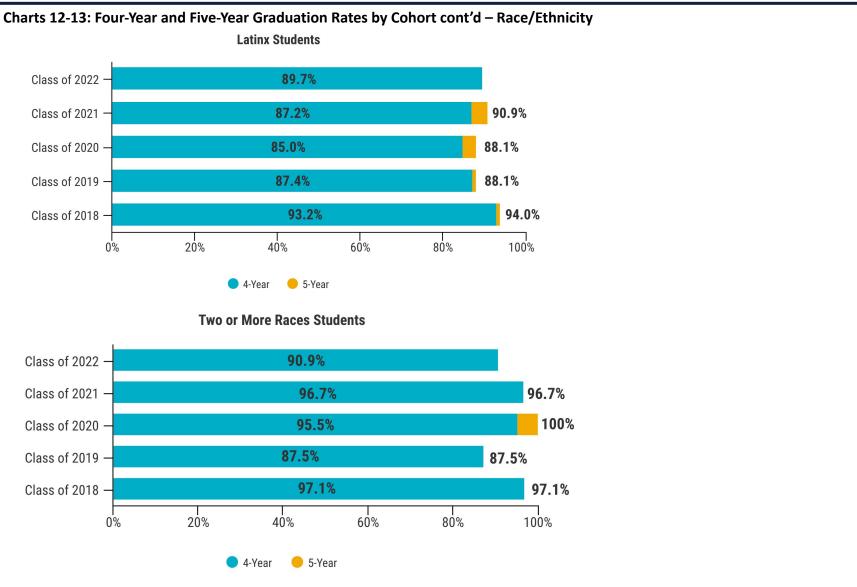

Graduation Rates by Cohort

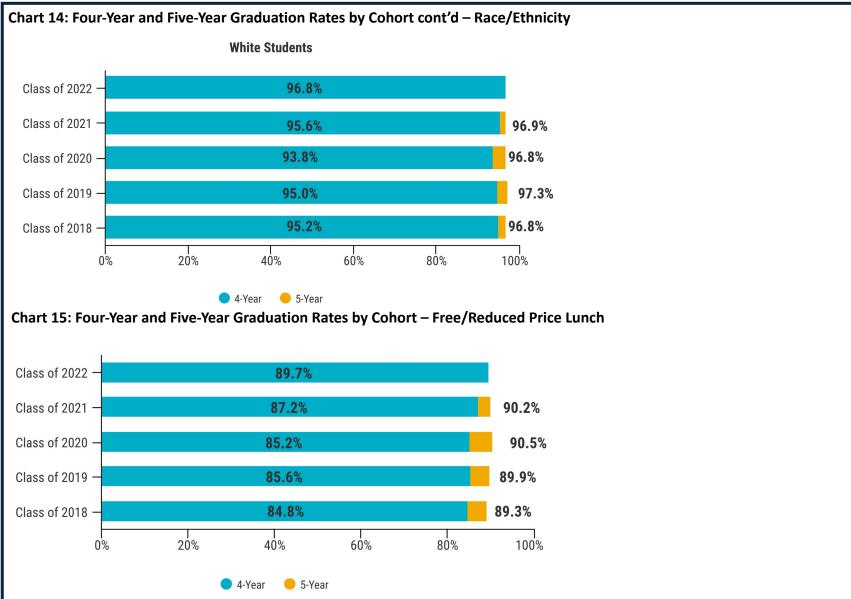

Four-year and five-year rates by cohort, as reported on the IL Report Card, are presented in the charts below. Six-year graduation rates are provided for students with an IEP and English Learner students only. For all other subgroups the six-year graduation represent an incremental increase over five-year graduation rates, and can be found on the IL Report Card.

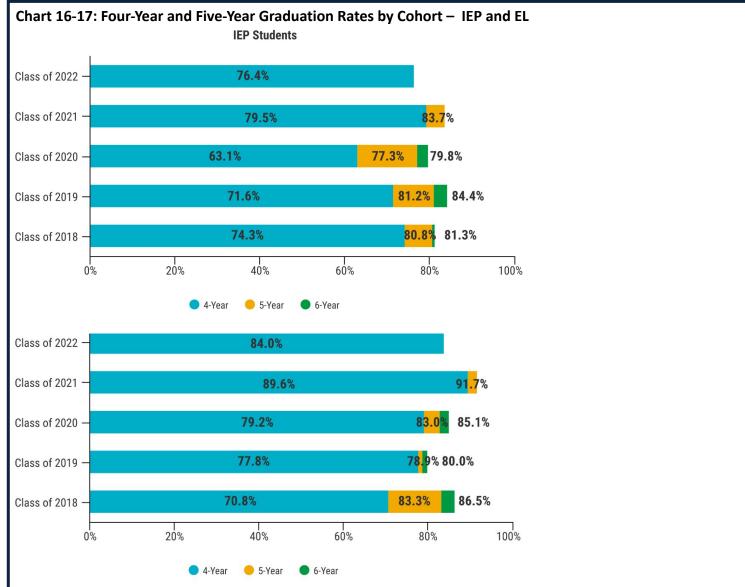

Chart 9: Four-Year and Five-Year Graduation Rates by Cohort – All Students

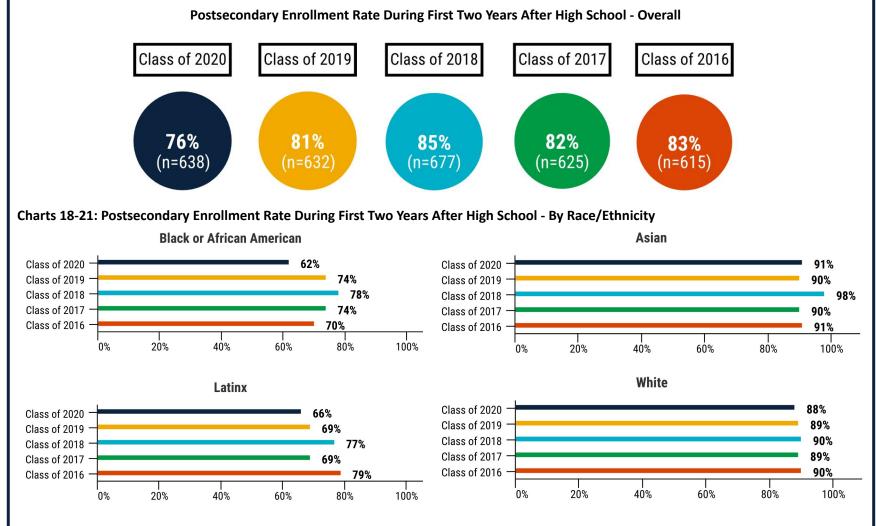

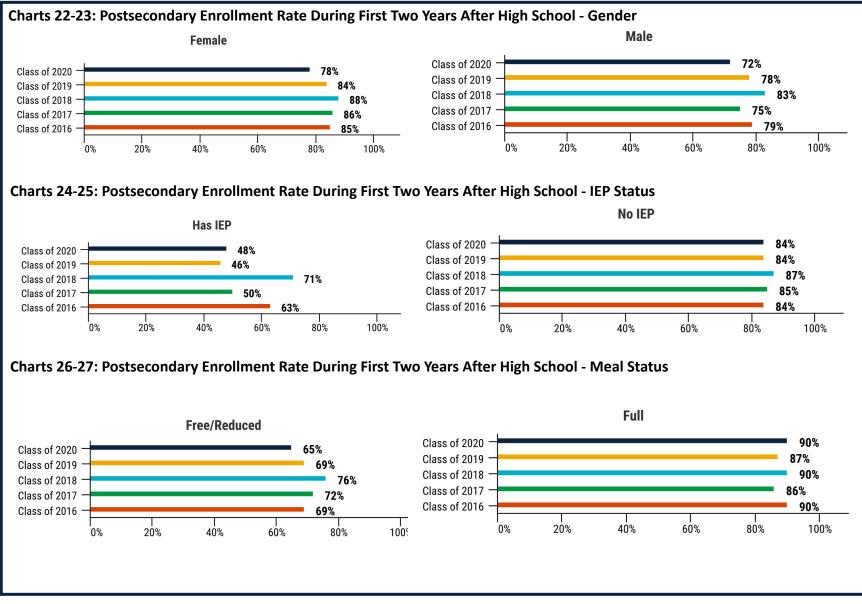

POSTSECONDARY ENROLLMENT

National Student Clearinghouse provides postsecondary enrollment data for colleges and universities nationwide, including 2-year and 4-year schools, public and private, in-state and out-of-state schools. The data reported below reflects postsecondary enrollments anytime during the first two years after high school.

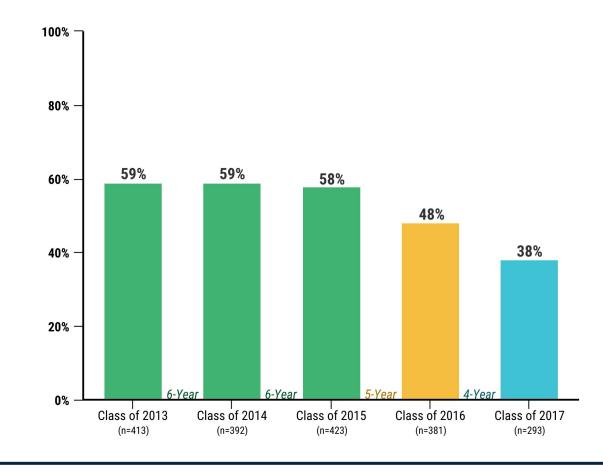

POSTSECONDARY ENROLLMENT

POSTSECONDARY GRADUATION RATE

- National Student Clearinghouse provides postsecondary graduation rate data for colleges and universities nationwide. The data include students who graduated with associate degrees under 4 years, as well as those who obtained bachelor's and master's degrees within 6 years.
- Postsecondary graduation data are currently available for the ETHS Class of 2013, Class of 2014, and Class of 2015 (after 6 years), Class of 2016 (after 5 years), and Class of 2017 (after 4 years)

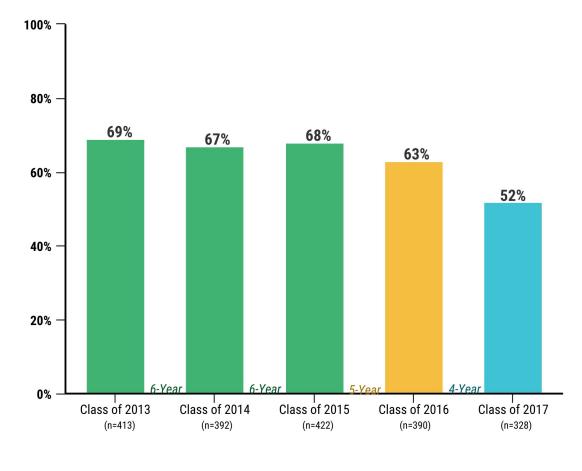

Chart 28. Postsecondary 6-Year Graduation Rate – Entire Cohort

POSTSECONDARY GRADUATION RATE

- Postsecondary graduation rate only for students who enrolled anytime during the first two years after high school are presented below.
- The 6-year postsecondary graduation rate for ETHS graduates is just under 60%, which is slightly less than the national 6-year completion rate of 62.2% based on the fall 2015 cohort of beginning college students, and less than the 6-year postsecondary graduation rate in Illinois of 64.6% [Completing College 2022, National Student Clearinghouse].

Executive Summary

Introduction

The following report presents the official school enrollment as of September 30, 2022. Enrollment figures are disaggregated by race/ethnicity and gender. The report also includes information on special education students attending private and public facilities, District 202 residents attending non-public schools, class enrollment by department, number of class sections by department, average class size by department, and special courses and programs.

Total Enrollment

The 2022-2023 total enrollment (Part 1A) of 3690 is slightly lower than total enrollment from the past three years. The chart below shows the enrollment changes over the last five years.

Total District Enrollment: 2018-19 through 2022-23

Enrollment by Department

Career & Technical Education department increased enrollment in 2022-23 for the eighth year in a row (Part 2A). The mathematics department increased enrollments slightly over the previous year (2021-2022). All other departments saw a decrease compared to 2021-2022.

Enrollment in Special Education and Bilingual Program

The number of special education students attending private and public facilities is 85, which is a decrease from 2020-21 (98). The number of students enrolled in the special education program decreased from 475 in 2021-2022 to 439 in 2022-23. Beginning in 2020-21, special education enrollment includes students in Buildings 1, 299 (ALT School) and 5 (ETHS Day School). In 2022-23, there are 47 students enrolled in the bilingual program.

STATISTICS AND GLOSSARY

Statistical Section

This part of the District's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain information about the District's service and resources to help the reader understand how the District's financial information relates to the services the District provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Glossary

Accrual Basis of Accounting - Records the financial effects of transactions and other events and circumstances that have cash consequences in the periods in which those transactions, events and circumstances *occur*, regardless of the timing of related cash flows. A major difference between accrual accounting and modified accrual accounting is the timing of recognition of revenues, expenses, gains, and losses.

Adequate Yearly Progress (AYP) – The growth needed in the proportion of students who achieve state standards of academic proficiency. A state's definition or AYP must also include graduation rates for high schools and an additional indicator for middle and elementary schools. The AYP also will be based on separate reading-language arts and math achievement objectives. The new definition of AYP is diagnostic in nature and intended to highlight where schools need improvement and should focus their resources.

Appropriated Fund Balance – Unexpended revenue from prior years, which is carried forward to balance the budget in the current budget year.

Appropriation -A specific amount of money authorized by a tax-levying body for expenses and obligations that occur within a specific time frame.

Average Daily Attendance (ADA) – Attendance is the presence of a student on days when school is in session. A student is counted as present only when he/she is actually at school, present at another activity sponsored by the school as part of the schools' program, or personally supervised by a member of the staff. The total number of days of attendance for all students divided by the total number of days in a given period gives the average daily attendance. The three best days are used as an average in Illinois.

Balanced Budget - a budget with total expenditures not exceeding total revenues and monies available in the fund balance and within an individual fund is considered balanced.

Base Budget – Cost of continuing existing levels of service in the current budget year.

Budget – A financial operating plan for a given period of time consisting of proposed expenses and the expected funding.

Budget Calendar – The schedule of key dates used in the preparation and adoption of the annual budget.

Budget Year – The fiscal year for which a budget is proposed and a budget resolution is adopted (July 1 to June 30).

Capital Outlay – Fixed assets which have a value of more than \$5,000 and have a useful economic lifetime of more than one year; or, assets of any value if the nature of the item is such that it must be controlled for custody purposes as a fixed asset.

Cash Basis of Accounting – Provides for the recording of revenues when received in cash and the recording of expenditures when paid in cash. While cash basis accounting may be necessary for legal compliance, it does not facilitate accurate reporting of financial position and is considered inappropriate for reporting the financial position of any fund.

Categorical Grants – Grants received from another governmental unit to be used or expended on specific programs for activities.

Current Expense – Those expenditures of a recurring nature covering services, supplies, equipment, and payments to individuals or other agencies.

Employee (or Fringe) Benefits – Non-salary compensation provided to employees as part of their employment. Examples: hospitalization, dental and life insurance, Social Security (FICA), Illinois Municipal Retirement Fund, Teachers Retirement System and retirement system participation.

Expenditure - The payment of cash on the transfer of property or services for the purpose of acquiring an asset, service, or settling a loss.

Expense – Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest, or other charges.

Fiscal Year – The twelve-month period of time to which the annual budget applies. By law, all Illinois school systems must observe a fiscal year that begins on July 1 and ends on June 30.

Fiduciary Funds Type – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The Board serves as a trustee, or fiduciary, for ten scholarships. We exclude these activities from the Board's budget because the Board cannot use these assets to finance its operations. The Board is responsible for ensuring that the assets reported in these funds are used for their intended purposes and by those to whom the assets belong. This is accounted for as a private purpose trust fund.

Full-Time Equivalent Position (FTE) – The decimal equivalent of a position based on 2,080 hours per year for 12-month employees or 1,950 hours per year for 10-month employees. For example, a part-time 12-month typist working for 20 hours per week would be equivalent to .5 of a full-time position.

Function - A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible.

Fund – An independent fiscal and accounting entity consisting of cash and other resources together with all related liabilities, obligations, reserves, and equities which are segregated by appropriate accounting techniques for the purpose of carrying on specific activities or attaining certain objectives in accordance with established legal regulations, restrictions, or limitations.

Fund Balance – The excess of the assets of a fund over its liabilities, reserves, and carryover.

GAAP – Generally Accepted Accounting Principles. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

Goal – A statement of broad direction, purpose or intent based on the needs of the community.

Governmental Funds Type – Most of the Board's basic services are included in the governmental funds, which generally focus on two things – how cash and other assets can readily be converted to cash flow in and out, and the balances left at year-end that are available for spending. The district has several governmental funds: Education Fund, Operations and Maintenance Fund, Tort Fund, Transportation Fund and the Debt Service Fund.

Grant – A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

IDEA – Individuals with Disabilities Education Act.

Indirect Cost – A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

Instructional Supplies – Materials used to help students learn such as workbooks, pencils, art supplies and paper.

Local Funding – Funding from the following sources: county appropriation, supplemental tax, revenues from state funding, fund balance appropriated and other miscellaneous revenue sources which are neither state nor federal.

Modified Accrual Basis of Accounting – Recognizes an economic transaction or event as revenues in the operating statement when the revenues are both *measurable and available* to liquidate liabilities of the current period. Available means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Similarly, expenditures are generally recognized when an event or transaction is expected to draw on current spendable resources.

Object Codes – The object code indicates the service or commodity obtained as a result of a specific expenditure. Seven major object categories are used in the Chart of Accounts:

100 Salaries
200 Employee Benefits
300 Purchased Services
400 Supplies and Materials
500 Capital Outlay
600 Other Objects
700 Transfers

These broad categories are subdivided to obtain more detailed information about objects of expenditures. A three-digit serial number is used to provide detailed information.

Operating Expenses – The cost for personnel, materials, and equipment required for a department to function.

Per Pupil Allotment – An allocation based on a per student basis as determined by the board of education. All dollar amounts are based on the current year tenth-day enrollment figures.

Per pupil Expenditure – The total amount of funds expended divided by the number of students affected.

Positions – Positions equate to the full-time equivalent individuals that can be assigned for the employment period represented by the allotment category. For example, a position in the classroom teacher allotment represents an employment period of 10 months, and in the principal allotment category 12 months. The number of full-time equivalent individuals that can be employed is limited to the number of months associated with the positions allotted by the state.

Program - A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible.

Reserve – An account used either to set aside budgeted revenues that are not required for expenditure in the current budget year or to earmark revenues for a specific future purpose.

Resources – Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.

Revenue – Sources of income financing the operations of government.

Source of Revenue – Revenues are classified according to their source or point of origin.

State Formula – The calculations used by the state to fund various allotments to the local education agency.

Supplies and Materials – Expendable materials and operating supplies necessary to conduct departmental operations.

Title I – A federally funded categorical and supplementary program which provides federal assistance to state and local school systems through the Elementary and Secondary Education Act of 1965 (ESEA). Its goals are to help low-achieving children succeed in the classroom, attain grade level proficiency, and acquire the higher-level skills that all children are expected to master.

Undesignated Fund Balance – Funds remaining from the prior year, which are available for appropriation and expenditure in the current year.

Education Acronyms

In education, as in most specialized professions, educators use terms that may be unfamiliar. This list of the more commonly used acronyms or abbreviations and their meanings has been developed to help everyone involved in public schools communicate better.

ACT – American College Testing. An alternative test to the SAT that students take as a precursor to college/university admission.

AP – Advanced Placement. The AP program enables high school students to complete college-level courses for college placement and/or credit.

AYP – Adequate Yearly Progress. Required under the federal No Child Left Behind law, AYP provides another way to measure school performance. To meet AYP, a school must meet target goals for each group of students that numbers 40 or more. Target goals are set annually by the state for reading and mathematics at grades 3-8 and 10, and for attendance rates or graduation rates as well. AYP is an all-or-nothing model. If a school misses one target, it does not make AYP. The long-term goal of AYP is to have every school at 100 percent student proficiency by 2013-14.

ESEA – Elementary and Secondary Education Act. This is the principal federal law affecting K-12 education.

ESL – English as a Second Language. ESL is a program model that delivers specialized instruction to students who are learning English as a new language.

F&R – Free and Reduced Price Lunches. Children who qualify, due to their parent's financial status, receive either free or reduced priced lunches through a federal government program.

IDEA – Individuals with Disabilities Education Act. This federal act requires all states to develop alternate assessments for students with disabilities for whom the standard statewide assessment program is not appropriate.

IEP – Individualized Education Program. The IEP is a written statement for a student with a disability that is developed, at least annually, by a team of professionals knowledgeable about the student and the parent. The plan describes the strengths of the child and the concerns of the parents for enhancing the education of their child, and when, where, and how often services will be provided. The IEP is required by federal law for all exceptional children and must include specific information about how the student will be served and what goals he or she should be meeting.

LEA – Local Education Agency. Synonymous with local school system and indicating that a public board of education or other public authority maintains administrative control of the public schools in a city or county.

LEP – Limited English Proficient. Students whose first language is one other than English and who need language assistance to participate fully in the regular curriculum.

NCLB – No Child Left Behind. NCLB is the more recent reauthorization of the Elementary and Secondary Authorization Act and represents a sweeping change in the federal government's role in local public education. NCLB has a variety of goals, but the most dominate ones are for every school to be at 100 percent proficiency by 2013-14 as measured by student achievement on state tests and for every child to be taught by a "Highly Qualified" teacher. The new law emphasizes new standards for teachers and new consequences for Title I schools that do not meet student achievement standards for two or more consecutive years.

PEP – Personalized Education Plan. Plans specifically designed to improve a student's performance to grade-level proficiency. PEP also stands for Principals' Executive Program. This preparation program for principals provides relevant and rigorous professional development opportunities based on the best current theories and practices.

PSAT – Pre-Scholastic Assessment Test. The PSAT is normally taken by high school juniors as a practice test for the SAT. Some schools use the PSAT as a diagnostic tool to identify areas where students may need additional assistance or placement in more rigorous courses.

SAT – Scholastic Assessment Test. The SAT, which is often taken by high school juniors and seniors as a precursor to college/university admission, assesses a student's verbal and mathematical skills.

SIP – School Improvement Plan. A plan that includes strategies for improving student performance, how and when improvements will be implemented, use of state funds, requests for waivers, etc. Plans are in effect for no more than three years.

Title I – A federal funding program for schools to help students who are behind academically or at risk of falling behind. Funding is based on the number of low-income children in a school, generally those eligible for the free lunch program. Title I money supplements state and district funds.

Title IX - Title IX of the Educational Amendments of 1972 bans sex discrimination in schools receiving federal funds, whether it is in academics or athletics.
